We are the music
 And we are the dreamers
 Wandring by long seas
 And sailing by deep oceans
 World-losers and world-forgers
 Who move and shiver
 And forever reign.

One man with a dream as
 Shall be the conqueror
 And there with the new seas
 Can trouble the empire down

Happiness and Interest

By L. Ron Hubbard

Dilettantism is supposed to mean "good at many things." But one can extend its meaning to "unprofessional at everything." A dilettante is somebody who starts a savage run at something, and is very enthusiastic at first. For example, he is going to learn how to be a jet pilot. Great enthusiasm. (Of course, dilettantes mainly come into the field of the arts, but we will just extend it to all of man's activities.) "Oh boy, am I going to be a jet pilot. Oh man, am I going to be a jet pilot!" Then the instructor says, "Well, here we have to learn to do this and do that, and you have to learn the army regulations and you have to learn how to make a bed." Now he is not quite as enthusiastic as he was before.

He gets a lesson or two. Then the next thing you know, he is out there at the commandant's office asking to resign. Why is he asking to resign? What is the highest common denominator to his activity, or to the activities which cause these withdrawals from life, activities, goals and enthusiasms? He has erased all the interest in the whole subject of jet pilots. He didn't have very much interest, he couldn't mock it up. He suddenly had come into a deposit of interest. He had been sold by a poster or something of the sort. This interest was very slight. He himself could not create interest. So he simply went into something and erased all the interest he had on the subject which left him with nothing but some attention which he had given to it before.

He is kind of stuck with it and feels rather soggy about the whole thing. But he is not interested in it anymore. Well, he gets out of that, and decides he is going to be a piano player. That is the thing to be — a piano player. He is very interested

in being a piano player. He takes one lesson, two lessons, three lessons, and he meets a couple of other piano players. The next thing you know he is not even interested in the piano anymore. He quits, he is through. He doesn't take it up any further. He decides he is not so successful in that particular field and the best thing for him to do is to become something completely out of this world, something he is tremendously enthusiastic about: he is going to be a painter.

He gets to the point where he learns how to clean a brush and he quits. What has he quit for? This is a very important thing because any person has quit just like this in various parts of life. He has quit time after time.

He is just as good, actually, as he ever was, yet his considerations have turned over so that he quits. The consideration is this: he can no longer create interest; he no longer runs on the interest which he himself generates.

He just takes somebody else's interest or a little bit of interest and he erases it before he gets into anything like hard work.

Believe me, it takes a lot of interest to get you through the task of digging half a mountain away to find some gold, or sawing down a redwood tree. (And they didn't used to have saws when they first cut those things down; they had very bad axes.) It takes a lot of interest to keep a fellow at a job all the way through.

Interest is not at fault. It isn't because a person had become interested in things and then had been disabused and betrayed and so had to withdraw from them. That is not what is wrong with the person. It is simply that he failed to keep on generating interest in what he was doing.

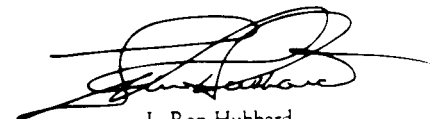

There are an awful lot of people out there. They are looking for happiness.

Well, the clue to happiness is being interested in life. People's happiness is as great as they can create it. They will not experience happiness from any other quarter than their own generation. They will get the amount of happiness that they can generate.

But this happiness is not itself an emotion. It is a word which states a condition and the anatomy of that condition is interest. Happiness, you could say, is the overcoming of not unknowable obstacles toward a known goal.

The anatomy back of it is simply this: how much interest can a person generate, and can he generate enough interest to get him over all the heavy energy which has to be invested along the line. It is how much interest he can generate himself, how much he himself can keep interested in life that makes him happy. Because happiness is application of self to existence. That is all there is to happiness.

So what happens to this dilettante? He doesn't create interest anymore, and you will find this individual looking for happiness. He is looking for happiness. Nobody else's happiness is going to be of any use to him whatsoever. The only happiness he will ever get is from being able to create his own interest in things.

Celebrity Centre International
awarded Saint Hill size status!

Celebrity Centre International achieves greatest expansion in its history

At L. Ron Hubbard's Birthday Celebration Event on March 13th, before a satellite audience of tens of thousands, the Church of Scientology CELEBRITY CENTRE International was acknowledged as having achieved "the size of Old Saint Hill".

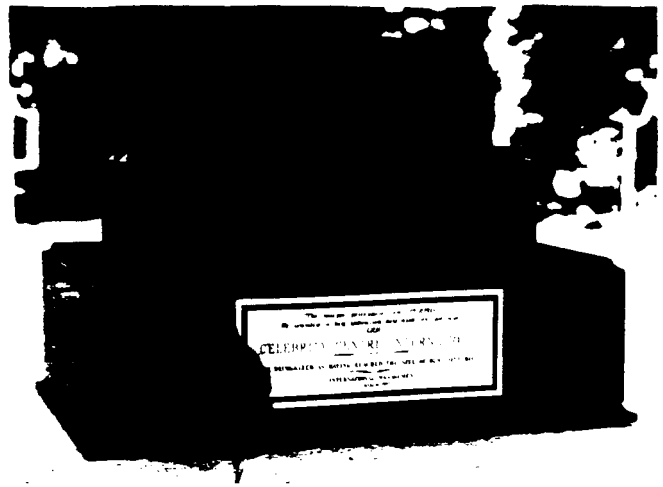

The original SAINT HILL Organization was located at Saint Hill Manor in Sussex, England. In the mid-1960s, with L. Ron Hubbard as its Executive Director, Saint Hill expanded from a few staff to hundreds - in just a few months. Old Saint Hill was a busy, bustling organization delivering SCIENTOLOGY courses and auditing to hundreds each week. A big organization with as many well trained staff as the original Saint Hill means that services are provided swiftly and to the exact quality standards laid out by L. Ron Hubbard. In such an organization everyone gets the full benefits of DIANETICS and SCIENTOLOGY technology. Therefore all SCIENTOLOGY churches and organizations across the world have the purpose of achieving the size of Old Saint Hill.

Over recent months, with more and more people demanding SCIENTOLOGY training and auditing, CELEBRITY CENTRE International experienced **unprecedented** expansion, and achieved the size of Old Saint Hill.

LIFE The Hubbard
Key to Life Course

"If one recovered his own beingness and then learned to absorb knowledge, all life is open to him. That is why it is the Key to Life Course."

- L Ron Hubbard

Communication is one of the key elements of living and of any successful career. But to the degree a person cannot express himself and make others understand him, and to the degree he cannot understand what others are communicating, life is closed off to him. If this problem would be solved, all of life would open up to a person. The solution is the HUBBARD KEY TO LIFE™ Course.

A series of thirty steps first recover a person's beingness and then gradually handle each barrier to understanding and comprehension in an exact sequence. So exacting is the material handled, the course must be delivered by a specially trained KEY TO LIFE team.

One of the big breakthroughs of this course are the materials themselves. The materials were prepared so they would clarify each point you study and eliminate any possible confusions.

The materials for the course include fourteen books that come in their own illustrated case.

Further, these books are an unparalleled artistic achievement! They required more

than 3,940 photographs and illustrations. 3,824 drawings were done by two top professional artists, both of whom are also master illustrators for Walt Disney Studios. Other illustrations required airbrush painting, oil painting, crayon, pencil, pastels and other media - all done by top artists.

The HUBBARD KEY TO LIFE Course unlocks new understanding and ability!

PURIFICATION RUNDOWN: The PURIFICATION RUNDOWN, a pre-requisite to the HUBBARD KEY TO LIFE Course, is one of the most popular services offered at CELEBRITY CENTRE International.

Champion Golfer **Jeff Anderson** stated "I can honestly say my mind has never felt so clear and my body feels as healthy as ever. I feel like I broke through a lot of cloudy days on the Purif."

Linda Watt, Manager exclaimed: "The PURIFICATION RUNDOWN has helped me to feel better than I ever have in my life. I feel more energetic than ever and see things more clearly."

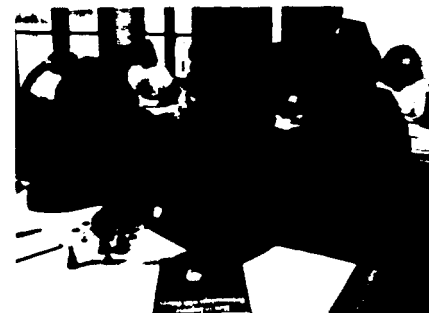

Student, **Renee Talbott** said, "Before I started the PURIFICATION RUNDOWN I was very lazy and didn't feel like doing much. But now I am more energetic and I feel better about my life! Everything seems much brighter and life is more enjoyable!"

Dani Brown completed the Overcoming the Ups and Downs in Life Course and wrote, "I feel great. I have a much stronger sense of self. I now see that I must pursue my goals and not be persuaded by what anyone else wants me to do or be. I can handle my future and make it what I want it to be."

HUBBARD KEY TO LIFE Course: Singer **Margie Nelson** wrote: "I can't wait to apply HUBBARD KEY TO LIFE to studying music and songwriting! I am at cause over communication!"

HUBBARD LIFE ORIENTATION Course: Musician **Marty Buttwinnick** just finished the HUBBARD LIFE ORIENTATION Course: "This course was the most wonderful thing I've ever done in SCIENTOLOGY. It's made me more competent. I've reached a state of competence and ability that will last forever."

CELEBRITY CENTRE is a big, busy org. It has seventeen course rooms with over 450 students and delivers over 1,000 hours of auditing each week.

Nancy Cartwright, the voice of Bart Simpson, wrote upon completion of the HUBBARD LIFE ORIENTATION Course: "The KEY TO LIFE Course gave me certainty in communication: the ability to not only be able to communicate my thoughts and intentions more clearly, but to be able to get from others what they are expressing. The LIFE ORIENTATION Course provided a whole new awareness of my potential as an artist. My career has boomed and my income has 6Xed! Not a bad investment if I do say so myself!"

Celebrity interview of the month

Clear, Key to Life and Life Orientation Course Graduate

Actress Kimberley Kates, currently filming in a new movie entitled "The New Age" written and directed by Mich el Toll n (The Player) and executive produced by Oliver Stone, is a familiar face to millions. Her television credits include: "The Larry Sanders Show", "The Wonder Years", "Seinfeld", "Alien Nation", "A Nightmare on Elm Street", "Growing Pains" and "Days of our Lives." Her film credits include: "Family Values", "Sentenced Again", "Rescue Me", "The Beach Boys - Summer Dreams", "Dangerous Love", "The Winning Season", "Lifetime", "Hotshots" and her role as Princess Elizabeth in the hit comedy "Bill and Ted's Excellent Adventure."

Kimberley, a SCIENTOLOGY Clear, recently completed the HUBBARD KEY TO LIFE and LIFE ORIENTATION Courses at CELEBRITY CENTRE International, after which she experienced a whole new plateau of success in her career. This month she talks about her successes and personal wins from SCIENTOLOGY courses and auditing.

CELEBRITY: How did you get into SCIENTOLOGY?

KIMBERLEY: I got into SCIENTOLOGY seven years ago. I was working a little as an actress but some days I'd just crash to the point where I couldn't get out of bed. I wasn't doing heavy drugs but I was around people who did and one girl even died. I was experiencing a lot of ups and downs and there was a lot of it around me. Some people's whole life depended on whether or not they got the job. At the time I was the receipt point of much evaluation from various agents, acting coaches and "so called" friends.

One of my first courses in SCIENTOLOGY was the Overcoming Ups and Downs in Life Course which took me from apathy to full life again like somebody had given me a jolt of energy!

Not long after that I did the PURIFICATION® program and while I was on it I landed my first play. Though my past drug use was minimal, it had never-the-less created a haze of residual stupidity

KIMBERLEY KATES

"THE DAY I COMPLETED THE KEY TO LIFE COURSE I GOT A TELEVISION SERIES. ON THE LIFE ORIENTATION COURSE MY DREAMS CAME TRUE."

which completely disappeared after the Purif. My response quickened and my perceptions dramatically increased while on this program.

CELEBRITY: Did you notice a change in your career as a result of doing the KEY TO LIFE Course?

KIMBERLEY: A tremendous change. The KEY TO LIFE Course opened so much for me. The day I completed the course I got a television series!

Not only that, but my perceptions went out the top of the roof. I saw and heard things I hadn't before. My sense of taste and smell increased.

After I completed KEY TO LIFE I took up a challenge - I decided to do Hamlet, though I had never done Shakespeare in my life. Shakespeare is very misunderstood because the language is foreign to so many people. But there is a communication there of some magnitude in his words. The fact is that before those words there was a concept. On KEY TO LIFE you learn that: the concept comes first, the words second. I wanted to do Hamlet so that not just 20% of the audience would understand his communication, but 100% of the audience.

Milton Katselas and I worked on this project for some time, and using LRH™ tech we broke down every word and concept until we fully understood every single line.

The end result was not only did I understand everything I was saying, but I also understood everything Hamlet was saying to me as Ophelia and the performance blew audiences away. We performed to Milton's master class and even these people said they had never understood Shakespeare like this before. Some had seen Hamlet on Broadway three times or more, and they never fully got how rich a communication it could be. The response from different audiences was overwhelming.

This was a KEY TO LIFE Course win. I knew that if I had the concept, then I could get other people to understand it. Shakespeare was the greatest test of all. I would never have been able to do this without having completed KEY TO LIFE. It just wouldn't have happened.

CELEBRITY: What happened to your life after you completed the LIFE ORIENTATION Course?

KIMBERLEY: To sum it up, my dreams came true! Everyone has dreams of how they would like each aspect of their life to be. For instance

how you personally would like to be, how you would like to look, how you would like your husband or your wife to be or your family, what you would like your job to be like, etc. These would be your personal dreams in relation to each aspect of your life. On the LIFE ORIENTATION Course you get to look very closely at each aspect of your life and your own view of how you think it should be.

My ability to control my future really changed on this course. I used to have this kind of viewpoint that "someday, while standing on a street corner in front of the market, somebody will discover me." That's a kind of a trap for artists and viewpoint that puts you at the effect point of your career, not the cause point.

The LIFE ORIENTATION Course enabled me, for the first time in my life, to find my purposes in every aspect of my existence. For instance I have always had this ideal dream of how my relationship should be with my husband and my family. I've wanted to be close to my husband and work as a team and be in love. I don't know what exactly was getting in the way but I was having tremendous difficulty in the area. When I was on the LIFE ORIENTATION Course I suddenly came to realize just how far away from my own ideal scene I was. This one area of my life was bringing down my self-esteem and it was drastically affecting other areas of my life. My career would be flourishing, but because that facet of my life was not going well, I couldn't enjoy my accomplishments as much as I should have been and I was not really happy.

I met my husband, John Mappin, after I completed the LIFE ORIENTATION Course. And we are very happily married and I will say that my career was going well before, but now that this area of my life is happening, my career has taken off even more!

Life is about purposes. I really came to understand this on the LIFE ORIENTATION Course. When you are "on purpose" in each part of your life everything begins to open up.

CELEBRITY: What other data in SCIENTOLOGY do you use as an actress?

KIMBERLEY: When working in film, television or in plays, one is closely associated with a lot of different people and it can be hard to know who to trust. I recently took the Special Course in Human Evaluation and I learned how to spot exactly where people are at on the Emotional Tone Scale. This was extremely

valuable information and I used the data for the first time during my last film shoot, which had a very intense shooting schedule coupled with a demanding and dramatic role.

CELEBRITY: What are some of your successes from SCIENTOLOGY auditing?

KIMBERLEY: Now that I am a Clear, I have the ability to really create rich emotion in my roles. I have had agents come up to me and ask me, "Well if you clear up all the reactivity and painful emotion in your life, how will you be able to act?" What a misconception! As a Clear you are CAUSE over your life and your emotions. You are in complete control all the time and this is invaluable for actors and actresses.

I personally had a very big change in my life and in my acting from SCIENTOLOGY auditing called the FALSE PURPOSE RUNDOWN™. This auditing handled an area that was causing me to seriously make less of myself. I think that actors especially should do this auditing because self-abnegation and insecurities are prevalent in this industry and they aren't necessary nor productive, but rather destructive to creative ability and talent.

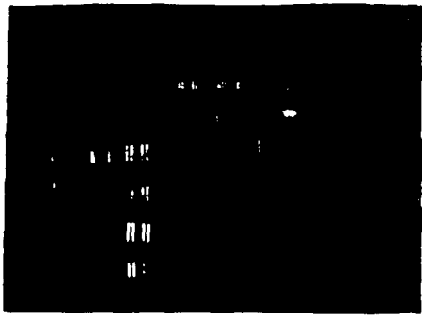

I go in for readings now and have no insecurities or doubts about myself, which is remarkable.

CELEBRITY: Do you have any advice for others who are seeking success in the field of acting?

KIMBERLEY: The key to successful acting is having your TRs in. (Training Routines which are precise tools of communication). When you have the ability to be fully present, and you can hold your position in space and communicate, skills you acquire on the HUBBARD Professional TR Course, you are at a great advantage because most people aren't "there" and try to "do" without "being" first and it doesn't work like that.

Because of SCIENTOLOGY my life as an actress is stable. I don't have the "ups and downs" any more and I'm always ready to work.

I think the best advice I could give anyone who wants to succeed and be happy in life, especially to anyone in the arts, is to come into CELEBRITY CENTRE International and get onto a SCIENTOLOGY service. Come for the safe space, the beauty and the people - who are some of the best people anywhere. CELEBRITY CENTRE is a very special place.

DEFINITIONS:

AUDITING: the application of Dianetics or Scientology processes and procedures to someone by a trained auditor. The exact definition of auditing is: The action of asking a preclear a question (which he can understand and answer), getting an answer to that question and acknowledging him for that answer.

AUDITOR: a person trained and qualified in applying Dianetics and/or Scientology processes and procedures to individuals for their betterment; called an auditor because auditor means one who listens.

BRIDGE, THE: the route to Clear and OT, which we call the Classification, Gradation and Awareness Chart. It is a term originating in early Dianetics days to symbolize travel from unknowingness to revelation.

CASE: a general term for a person being treated or helped. It also refers to his condition, which is monitored by the content of his reactive mind. A person's case is the way he responds to the world around him.

CLEAR: the name of a state achieved through auditing or an individual who has achieved this state. A Clear is an unaberrated person and is rational in that he forms the best possible solutions he can on the data he has and from his viewpoint.

DIANETICS: man's most advanced school of the mind. The word comes from Greek *dia*, through, and *nous*, soul. Dianetics is defined as what the soul is doing to the body.

E-METER: an electronic device for measuring the mental state or change of state of *Homo sapiens*. It is not a lie detector. It does not diagnose or cure anything. It is used by auditors to assist the preclear in locating areas of spiritual distress or travail.

GRADE(S): a series of processes which are run on a preclear with the purpose of bringing him to a particular state of release.

GRADE CHART: see The Bridge.

HCO: Hubbard Communications Office.

PRECLEAR: a person who, through Scientology processing, is finding out more about himself and life.

PROCESS: a set of questions asked or commands given by an auditor to help a person find out things about himself or life and to improve his condition.

PROCESSING: the action of asking a preclear a question (which he can understand and answer), getting an answer to that question and acknowledging him for that answer. Also called *auditing*.

PTS: potential trouble source.

SCIENTOLOGIST: one who knows he has found the way to a better life through Scientology and who, through Scientology books, tapes, training and processing, is actively attaining it.

SCIENTOLOGY: Scientology applied religious philosophy. It is the study and handling of the spirit in relationship to itself, universes and other life. Scientology means *scio*, knowing in the fullest sense of the word and *logos*, study. In itself the word means literally "knowing how to know."

SESSION: a precise period of time during which an auditor audits a preclear.

THE TAM: the person himself, not his body or his name, the physical universe, his mind or anything else; that which is aware of being aware; the identity which is the individual.

In thirteen lectures on games and the game of life you can find out: What are problems? How can a person's curiosity get him into trouble? What is jealousy? What is the full definition of a game, what is a games condition and how can one better play the game of life? Find out with many examples how the technology of games applies to your work place, your career, schools, nurseries for children and civic groups. Find out who built the universe and what happens when you become the effect of it. Find out why brainwashing doesn't work and why it is impossible to make anyone worse with auditing.
