# WANTED!

## MEMBERSHIP COMMITTEES

1000 Membership Committees are needed around the world where there are 1000 clubs to help implement the L. Ron Hubbard Plan and put it into action. The L. Ron Hubbard Plan is the best way to help the Church of Scientology move forward and increase members of the third and fourth dynamics and assist those who are already active in their chosen field of operation in life.

"What do we expect of you? To become the best Scientologist that can be and to get on the committees of the world and bring a big win where it counts. We don't expect you to hang up a shingle as a doctor and have a private practice. We'll respect you if you do. But we'll respect you just as much and even more if you get trained as a pro and go out and up in the world of action and of life."

"Hit for the key spots by whatever means - the head of the women's club, the personnel director of a company, the leader of a good orchestra, the president's secretary, the advisor of the trade union - any key spot. Make a good sound living at it, drive a good car, but get your job done, handle and better the people you meet and bring about a better Earth." L. Ron Hubbard, HCO Bulletin of 16 June 1960 "What We Expect of a Scientologist."

If you want to get active in your particular zone or if you want to get others more active in the third and fourth dynamics, write to me:

Jane Hayton,  
Membership Activities Director  
US Administrations.  
Abraham De Veerstraat 4  
Willemstad, Curacao  
Netherlands Antilles

ACTION! is the name of the game and I'd help you get started and continue.

"WE CAN bring about a better Earth. Be part of the team! Don't wait - write to me NOW and let's get started!"

"Scientology is the only game on earth where everybody wins. So let's help the world win." LRH

## FAST SERVICE on Meter Repairs & Certifications

Your E-Meter® needs repair or its Silver Certificate has expired, you must send it to Golden Era Productions™ right away. It will be fully checked out, any needed repairs done, and a new Silver Certificate issued within 48 hours of the meter's arrival at Gold.

See the insert in this magazine which states the flat rate charged by Gold, which covers all repair and silver certifying. If your meter is under warranty, there is no charge. All you pay is the shipping to and from Gold.

Even meter service leaves Gold with a new Silver Certificate (3 years for Mark Super VIII™ meters - 1 year for Mark V or VI) and a new 6-month warranty.

### HOW TO SHIP YOUR METER

- 1. Note the serial number for your own records.
- 2. Visit the Bookstore Officer at your local organization for shipping charges. Choose a reliable carrier such as United Parcel Service in U.S.A. or DHL in other parts of the world.
- 3. Enclose rapid delivery tape a label to your meter with your name, full address and phone number. Then press your full address on the shipping box. (U.S. is a street address, non-US shipping - mail to a post office box.) Meter case is not necessary.
- 4. Do not ship to a post office box. Meter case is not necessary.
- 5. Ship to the U.S. to avoid excessive taxes and customs fees on return shipping. (The shipping papers must state: "American goods being returned to U.S.A. for repair." Specify that payment is "Free domestic" so shipping will be not held in U.S. Customs.)
- 6. Make your check payable to Golden Era Productions. Write your phone number and meter serial number on the check. See the insert for the charge and add return shipping charges. (If meter is under warranty enclose no payment except shipping.)
- 7. Enclose check and pack your meter tightly with protective material.
- 8. Ship to: GOLDEN ERA PRODUCTIONS, 6331 Hollywood Blvd., Suite 1305, Los Angeles, CA 90028 U.S.A.
- 9. Give details on your shipment to your Bookstore Officer, who will alert Customer Service UC at Golden Era Productions.
- 10. If you have any questions regarding your meter, call (213) 663-8072.

## NARCONON CHILOCCO

*Continued from page 17*

major industries (oil and agriculture), but it would also provide the five tribes with a resource they could use to combat their own drug problem. It became apparent that the facility would become a showcase for drug rehabilitation and a landmark for mutual cooperation between two different cultures battling that same enemy of drugs. Further, the facility's ample existing resources and planned future improvements suggested a means to reach out even more broadly to attack the drug problem by training others in establishing

40

and running their own centers.

It is in this spirit that the Narconon Chilocco New Life Center was created and the spirit in which Narconon International invites all to join in their support. With the resources of the illicit drug industry commanding over \$500 billion a year in illegal drug trade revenues, it is important that broad-sweeping efforts be made and that immediate results occur. Narconon Chilocco New Life Center is the beginning of a broader and harder-hitting trend to reverse the decline caused by drugs, to the point where a drug-free world could be more than just a dream.
