Be far more cause in life. Discover and be able to USE your full potentials.

Do the powerful L Rundowns:

- Fabulous L 10 counseling
- L 11 NEW LIFE RUNDOWN
- L 12 FLAG OT EXECUTIVE RUNDOWN

The L Rundowns take off the brakes – in a big way. They are designed to rocket OT power, cause level, beingness and perception. They make a real powerhouse.

Further, the L Rundowns represent one of the greatest discoveries ever made in life: *they are the only direct processes used to accomplish exteriorization.*

LRH said in January of 1971, "You have individual technology now which turns the sick well, the insane sane and makes a one life being immortal."

The L's aren't grades in themselves but super case boosters that can be delivered at several points of the Grade Chart above Grade IV Expanded.

The L's were developed by Ron in 1970. While researching the increase of OT powers and abilities, he made tremendous breakthroughs – isolating why a being restrains and withholds himself from action. Ron developed a series of powerful processes which were enormously effective in raising cause level and OT powers. This was the first of the powerful L's – L 10.

Delivered in late 1970 and 1971 to many SCIENTOLOGY org executives at FLAG for training, L 10 made powerhouse executives who went back to boom orgs to stratospheric heights.

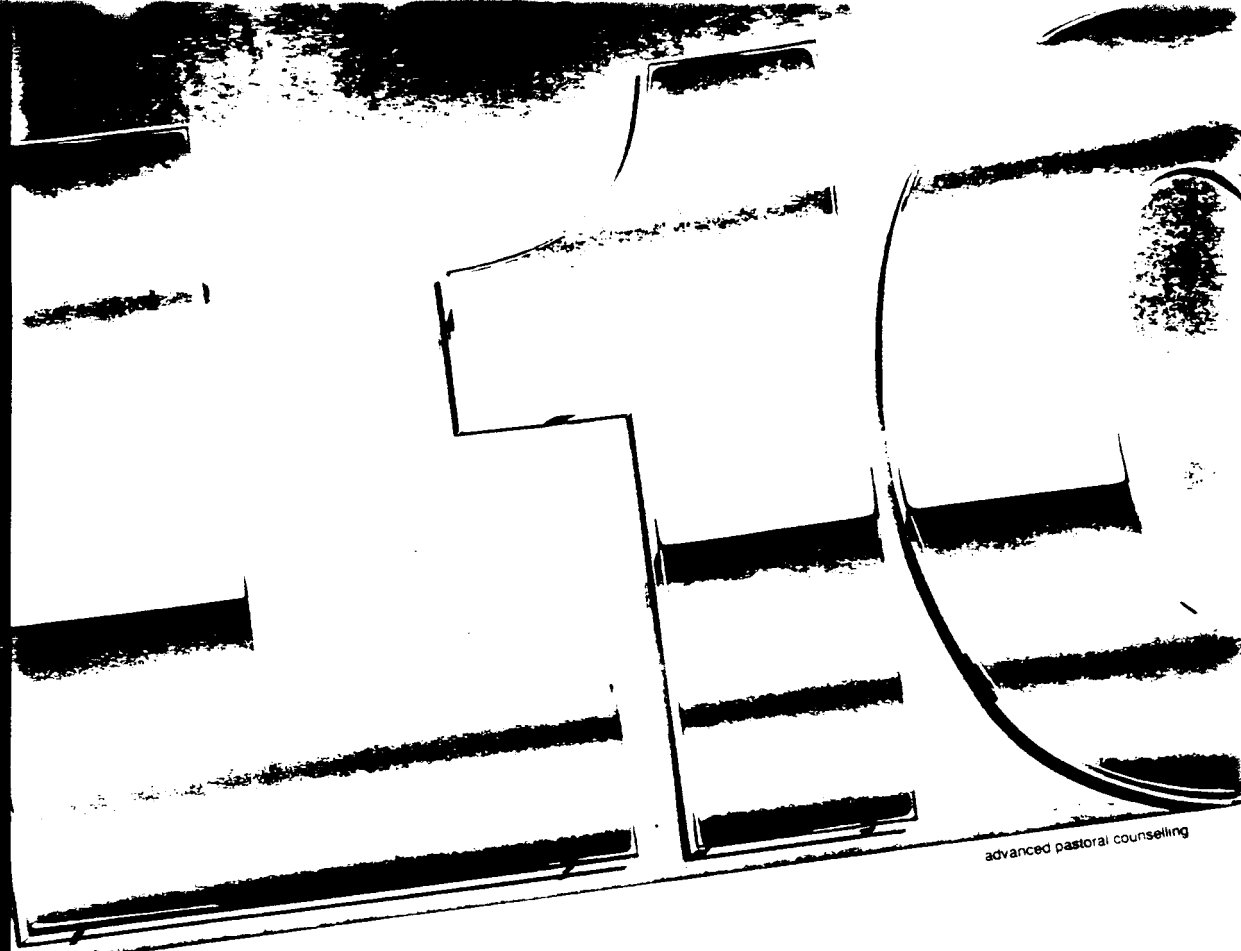

The development of L 11 followed in the Spring of 1971, making it possible to deliver a very powerful result rapidly. Soon L 12 was developed by Ron to give OT capability and stable exteriorization to executives being trained on FLAG.

These powerful, precise rundowns require flawless, highly skilled auditors. These can only be delivered at Flag, by the fabulous FLAG Class X, XI and XII auditors, the highest trained auditors in the world!

The combined gains of the three L's result in a being who is operating as an OT *right now*. The L's give the individual tremendous OT power.

Tape 3 of 18 January 1971.

**B**last apart the chains that block your perceptions and abilities. Take off to a whole new realm of cause and OT power.

Do the fabulous L 10 Rundown, available only at FLAG.

L 10 was developed by L. Ron Hubbard in 1971 out of research into increasing OT powers. Ron wrote: "...Flag auditing on these released a potential powerhouse, one of these 2 billion megawatt OTs."

L 10 is not a grade in itself, but an incredible case booster that can be delivered at several points of the Grade Chart after Grade IV Expanded.

L 10 can vastly increase OT power and DOINGNESS. With high velocity, very direct Class X auditing, L 10 shatters

the chains with which a thetan restrains himself from reaching, and from doing, and from handling life as the OT powerhouse he naturally is.

L 10 is about REACH and removing barriers to reach. L 10 cuts through the protective mechanisms of the mind and locates areas intimate to a being which cause him to restrain his reach, areas so occluded they are not handled with any other processing.

L 10 – along with L 11 and L 12 – is the *only* direct processing used to *accomplish exteriorization*; it's one of the greatest discoveries ever made in life!

The power of L 10 can be yours. Fully handle the only reason a thetan withholds himself!

Do L 10 Rundown now –

**“A**ll aberration is to a greater or lesser degree non-survival. To be rid of major aberrations is to have a new life.”

“The New Life Rundown has exact steps. Well done it gives a new life in truth.” - L. RON HUBBARD 1971

Blast apart the major source of aberrations on your case. Break through the major blocks to havingness and personal power.

Do L 11 NEW LIFE RUNDOWN, available only at FLAG.

L 11 was developed by L. Ron Hubbard at FLAG in 1971, in order to boost OT abilities, power and havingness, with explosive speed.

L 11 is very, very fast, very high velocity auditing that requires expert FLAG Class XI Auditors to run it. Ron wrote in July 1971, L 11 “...can be exactly handled with care only by auditors and a C/S grooved in on it within an inch of their lives and crammed in practice to total flublessness. But oh, they are smooth, those results.... just call this the New Life Rundown. Well done it gives a new life in truth! What's that worth?”

L 11 handles the major deep hidden source of aberrations on the case, the major non-confront. It shatters those factors that make one think he can *reach* just so far and no further, can *have* just so much and no more.

L 11 blasts apart these sources of introversion and power loss.

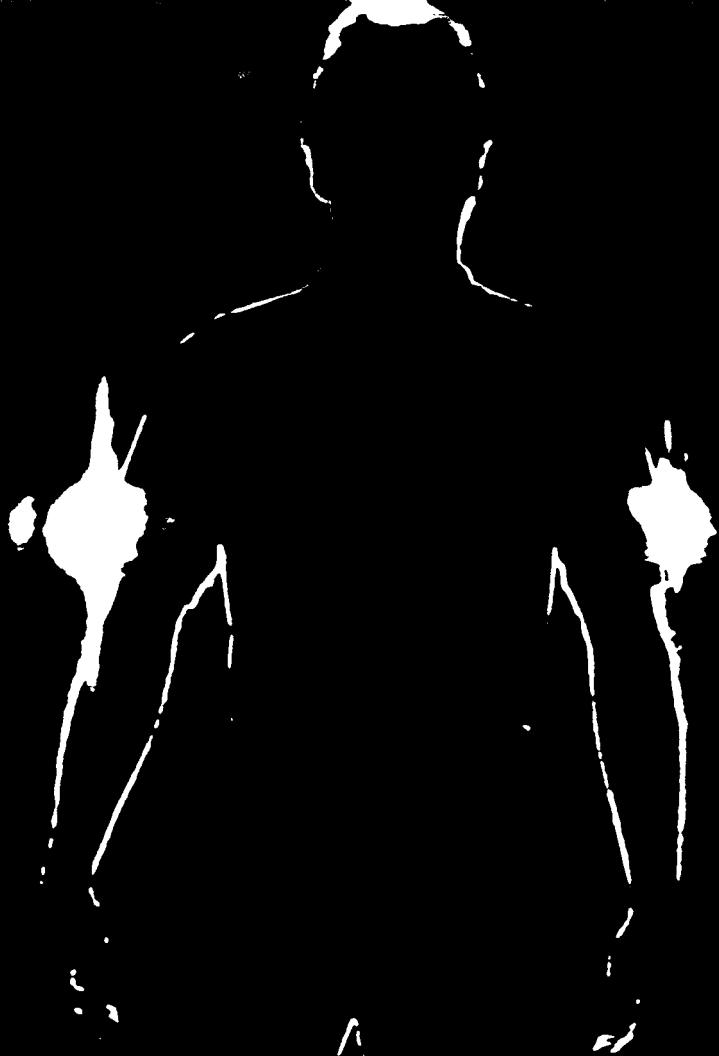

One looks at stops and survival in a different way than they've ever been viewed before. Major stops and stuck points accumulated for eons are blown away, freeing the being from any tendency toward self-destruction. It gives a power surge toward basic purpose.

L 11 - along with the other L Rundowns - is the *only* direct processing used to *accomplish exteriorization*; it's one of the greatest discoveries ever made in life!

Handle the basic block to personal power.

Do L 11 NEW LIFE RUNDOWN at FLAG now -

**and  
you'll fly!**

**Be  
totally

and  
unshakable  
as  
a

**“** **T**he Flag OT Executive Rundown delivers OT capability to executives...  
“The Flag OT Executive Rundown makes a stable thetan exterior whose ability is greatly increased and is not likely to become PTS to anything.” – LRH, 1971

Be totally certain and unshakable as a thetan. Gain a new towering realm of OT beingness and stability.

Do L 12, the FLAG OT EXECUTIVE RUNDOWN, available only at FLAG. L 12 was developed by L. Ron Hubbard in 1971 to deliver OT capability to org executives being trained at FLAG. It is not a grade in itself, but an incredible case booster that can be delivered at several points of the Grade Chart after Grade IV Expanded.

L 12 deals in BEINGNESS.  
With L 12 an individual can know who he is, what he is, what he isn't. To be able to BE without compulsion or confusions, to be able to BE any beingness you want. On L 12 one becomes very certain as a being, becomes more and more OT and achieves stable thetan exterior!

L 12 – as well as the other L Rundowns – is the only direct processing used to accomplish exteriorization. In 1978, in Ron's Journal 30, Ron wrote, “When I was

C/Sing the Ls I would never let a pre-OT leave the ship unless he'd gone exterior with full perceptions and was able to maintain it.” This is one of the greatest discoveries ever made in life!

Further, L 12 deals with EXTROVERSION. It takes a being's attention off the body, stably extroverting attention out onto the environment.

L 12 deals with STABILITY. A highly confidential step of L 12 contains a body of OT data found nowhere else. In 1971, LRH made a breakthrough which he said was “...straight into the unknown. I found a phenomena we've never before seen as such. It is the first major tech advance into new ground since '67. A few more of these and we'll have even more planet.” This phenomena is revealed only on the final step of L12. You see what it is, play with it, become very familiar with it. You handle the past, present and any future consequences of it.

At that point you are cause over it. And you are unshakable.

Do L 12 FLAG OT EXECUTIVE RUNDOWN at FLAG now –

**and  
you'll fly!**

**“These are  
OT auditors,  
'specially  
trained  
by Ron'  
and  
very highly  
skilled.”**

**L. RON HUBBARD**

**L** 10, L 11 and L 12 are among the most powerful rundowns available in all SCIENTOLOGY.

They are limited to delivery at FLAG because “...they require experts to run it.

The TRs required are different and the TRs have to be *flawless*. And the metering perfect. It's so much truth that we can't export it... It's the terrific highly paced auditor skill required that restricts them to Flag.” – LRH, 1972

The L Rundowns are a different type of auditing, requiring different and utterly flawless TRs and perfect metering.

About L 10, LRH wrote in 1971, “Tested broadly L 10 was found to be a precision technology and it could not tolerate any flubs. Thus it had to become the special technique of a specially trained class of auditors – Class Xs.”

And about L 11, LRH said in 1971, “It can be exactly handled with care only by auditors and a C/S *grooved in on it* within an inch of their lives and crammed in practice to total flublessness. But oh, they are smooth, those results.”

In early 1971 Ron said these auditors could “crack any case that walks up the walk.”

# Class XII

With L's auditors – the famous Class Xs, XIs and XIIs – you have the most highly trained auditors on the planet, auditors trained to handle the terrifically highly paced auditing of the L Rundowns.

With Flag L's Auditors, you will be in the care of Flag's Class Xs, XIs and XIIs, at the only Class XII org on the planet!

# History of the L's

**How the L's  
were developed.**

**I**n 1970 on the Flagship *Apollo*, Ron made a tremendous technical breakthrough. He found the key to raising cause level effectively and vastly.

About this new breakthrough, Ron wrote, "It came actually from the OT Grades. It answers the question 'Why does an OT restrain himself and cease to behave as an OT?'"

From this breakthrough Ron developed a series of powerful processes, a dynamic new rundown, so swift the special technique had to be done by a specially trained flubless auditor. Specially trained Flag Class Xs, Ron said, "...can crack any case that walks up the walk."

"Tested broadly," Ron wrote, "L 10 was found to be a precision technology and it could not tolerate any flubs. Thus it had to become the special technique of a specially trained class of auditors - Class Xs."

Ron said of this startling new rundown, "You have individual technology now which turns the sick well, the insane sane and makes a one life being immortal."

But Ron directed that L 10 be used to make the able OTs yet more able. In early 1971 he wrote, "The basic tech came from research into increasing OT powers." "The new L 10 [rundown] is so very effective on OTs."

L 10 Rundown was at that time, and until 1975, delivered only to OT Ills and above.

Ron described the results of L 10 Rundown in a confidential HCO™ Bulletin in June 1971: "This in itself was a fabulous rundown. It changed the person's whole life. It altered his perception as well and turned on full sight for persons, the body's eyes as well as while exterior."

Ron had L 10 delivered to org executives training at Flag on the FEBC® course to zoom their cause level and power. The result of this training plus powerful auditing was to make powerful OT executives who rocketed org stats across the world, creating the legendary 1971 SCIENTOLOGY boom.

But some of those coming to Flag for the FEBC and other executive training

were not yet up through OT III, so Ron developed two L Rundowns specially for executives not yet in the OT band.

"A new L-10 for those not yet on OT Grades was outlined by me last night." Ron said in May 1971, "There are now 3 [L Rundowns]." Two new rundowns for "those not yet OT. And L-10-OT for those on OT Grades III or above."

"If this [new L Rundown] works out we can again open the gate to FEBCs not yet OT III."

One of these new L Rundowns Ron mentioned was L 11 NEW LIFE RUNDOWN, which was producing fabulous results in auditing on the students at FLAG.

L 11 Rundown requires totally flubless auditing like the other L Rundowns. In July 1971 Ron said, L 11 Rundown "is useful on any case... It can be exactly handled with care only by auditors and a C/S *grooved in on it* within an inch of their lives and crammed in practice to total flublessness.

"But oh, they are smooth, those results. It can be done anywhere on the Grade Chart.

"...just call this the New Life Rundown. Well done it gives a new life in truth! What's that worth?"

As Ron wrote of L 11 Rundown in September 1971, "All aberration is to a greater or lesser degree non-survival. To be rid of major aberrations is to have a new life."

It was during his researches into the third and final L, the fabulous L 12 FLAG OT EXECUTIVE RUNDOWN, that Ron made a major breakthrough in May 1971.

"I got in a marvelous long search period yesterday," he said. "Search is not over the terrain you cover that has been blueprinted and mapped. It is straight into the unknown. Often when you have your hands on something strange and there's a sudden distraction, you get a blow up.

"I am looking for the very exact cause of PTS in order to raise our FEBC successes above 85.5%.

"Already great progress has been made. And yesterday I found a phenomena we've never before seen as such. In 1945 and 1955 I noticed bits of it but never put it together.

"Mainly now, the work out of application must be done. I know what causes it. Now all I have to do is work out how to apply it which is the easier part.

"It is the first major tech advance into new ground since '67.

"A few more of these," Ron concluded, "and we'll have even more planet."

Within a few days Ron had this exciting new breakthrough piloted and found it "a howling success."

With this major breakthrough, the powerful L 12 Rundown was completed and delivery began to students on FLAG. In June 1971, Ron wrote, "A new and vital rundown has been developed and grooved in..."

"The Flag OT Executive Rundown delivers OT capability to executives being trained on Flag.

"A 'set up' requires considerable work and is a different action. This set up handles all types of outnesses. It is a very extensive handling of the case, probably more than would be done in the field. The person would probably consider his case solved by the end of the set up.

"The Flag OT Executive Rundown makes a stable thetan exterior whose ability is greatly increased and is not likely to become PTS to anything."

Ron commented that L 12 "produces results senior to our already fabulous L-10."

With research fully wrapped up on all three L Rundowns and delivery going full speed to students on FLAG, the word of these fabulous, powerful rundowns spread fast and far. The fabulous L 10, L 11 and L 12 Rundowns have remained Flag's most popular and sought after services since the early 1970s!

In 1975 Ron lifted the case requirement of OT III case level to get L 10.

Ron wrote in 1978, "The Ls are at Flag only. They are not grades in themselves but incredible boosters that can be delivered at any point after a completed DRD [Drug Rundown] and Expanded Grades. The Ls are audited by Class X, XI and XII auditors who are the most highly trained on the planet."

## What you need to know to get the Ls.

The Ls are delivered at several points of the Grade Chart. The only prerequisites are a completed Drug Rundown and Expanded Grades. The Ls may be delivered at these points:

- After Grade IV Expanded (and completed Drug Rundown)
- After NED® Case Completion (on a pc who did not go Clear on NED)
  - After SUNSHINE RUNDOWN® counseling and before New OT I for the DIANETICS® Clear
  - After OT III
  - After New OT IV, OT Drug Rundown
  - After New OT VIII, TRUTH REVEALED™ (They may not be delivered between R6EW and OT III or between New OT V and New OT VII.)

**Set ups for Ls:** Full case set-ups are done before beginning an L Rundown. "This set up handles all

types of outnesses." Ron wrote in 1971, "It is a very extensive handling of the case, probably more than would be done in the field. The person would probably consider his case solved by the end of the set up."

12-1/2 to 25 hours of set-ups is usual. With intensive FLAG auditing, set-ups are often completed in a few days to a week.

**How long do Ls take?** Each L is sold with a minimum of two intensives (25 hours).

L 10 often takes 25 hours or less for those OT III or above. For those below OT Levels, the usual is 25 to 37-1/2 hours.

L 11 usually takes 15 to 25 hours of auditing.

L 12 is often 25 hours of auditing.

**Accommodations:** When you arrive at the state-ly front entrance of Flag's Fort Harrison building, you are stepping into an environment that compliments the best in auditing – a truly safe, theta, OT environment. Besides the very best in auditing, FLAG offers the best in accommodations and dining. With several hundred rooms, there's always a room ready for you!

The Ls are delivered ONLY at FLAG, and only by FLAG Class X, Class XI and Class XII Auditors, the most highly trained auditors on the planet.

Take the best step you've ever taken. Do L 10, L 11 and L 12 NOW.

# Flag is the Top Tech Org of the World

by L. Ron Hubbard

**F**lag is the top tech org of the world and if they can't do it, nobody can. What you pay for at Flag is the most expert C/Sing for the best rundowns by the best auditors in the world.

It is always the fate of the top-level org of the world to inherit the rough and "unsolvable" cases. Flag runs on the basis of results or else so far as their tech stuff is concerned. The words "failed case" do not exist on Flag. Therefore they have rundowns and handlings to untangle the most tangled and get it going again. (Flag gets easy cases too. In fact they get some of the easiest and fastest cases in the world because such people have a way of making it through to the top.)

The Ls are at Flag only. They are not Grades in themselves but incredible boosters that can be delivered at any point after a completed DRD and Expanded Grades. The Ls are audited by Class X, XI and XII auditors who are the most highly trained on the planet."

**F**lag – the mecca for those who seek technical perfection. If you want the best, then you belong here!

Flag exists for one purpose – to get you to your Destination: OT.

With over 500 Sea Org staff, eleven big buildings and twelve HUBBARD® Guidance Centers, Flag is the largest SCIENTOLOGY® delivery organization on the planet, delivering more than 6,000 well done auditing hours every week.

Not only is it the highest-volume delivery organization in the world, it's also the highest quality. Flag is the only Class XII org in existence, and Flag's auditors and Case Supervisors are the most highly trained SCIENTOLOGY technical staff in the world.

Flag is the largest community of SCIENTOLOGISTS™ and OTs in the world, with more than a thousand SCIENTOLOGISTS at Flag for training and auditing at any given time.

The minute you step into the spacious lobby of the Fort Harrison, you know you've entered a new world – a world where the pace is fast, the atmosphere electric with excitement and wins, and the stops to your Bridge progress just seem to fade away!

Everyone you meet – fellow SCIENTOLOGISTS and staff – shares the same agreement and postulate: you are going to go OT! At Flag, OT is not a future dream – it's a daily reality.

The FLAG technical team simply does not agree with any reason for a being not to go OT – right away. They apply 100% standard tech, flawlessly, flublessly, unsnarl any case no matter how snarled, and get the person moving up to and achieving the state of OT.

Flag delivers auditing in thirteen languages – English, French, Spanish, German, Italian, Dutch, Afrikaans, Finnish, Swedish, Danish, Russian, Japanese and Flemish!

Flag's twelve HGCs are ready to service you with exactly what you need. Two of these HGCs are for delivery of the fabulous L Rundowns, and one exclusively services OT VIII's.

Another two HGCs are devoted to lower Grade Chart services, CLEAR CERTAINTY RUNDOWN,™ FALSE PURPOSE RUNDOWN's auditing, Flag-only case resolution rundowns and OT preparations. Yet another delivers all these services in thirteen different

languages listed above.

Solo auditing, New OT I, OT II and OT III are delivered in yet another separate HGC. New OT IV, OT V, OT VI, OT VII Review and OT VIII Eligibility all have individual HGCs for the delivery of these services. And for New OT VII, there is the Home HGC for those auditing this level at home.

Altogether, more than 160 highly trained technical staff at Flag are ready to service you in 50,000 square feet of delivery space!

At Flag you progress up THE BRIDGE's faster than at any other org. With intensive FLAG auditing – and Flag delivers the entire range of Grade Chart steps – it takes less time to complete each level. With flubless, flawless standard tech, you spend less time in review or repair, more time on your exact program to OT.

If you are bugged or stalled when you arrive at Flag, this gets handled. We are expert in cracking cases, with

the tools and expertise to get you moving and winning again. We have done it for thousands of SCIENTOLOGISTS – we are doing it daily – and we can do it for you too.

Flag's technical team has special tools to handle any aspect of a case that needs handling. The Flag-only case resolution rundowns are unique in that each one addresses a specific area of a person's case and cleans it up, usually in a very short period of time, breaking down the barriers to Clear and OT.

Another of Flag's specialties are the famous L Rundowns. The Ls are one of the most major and vital actions for a thetan to receive if he wants to become a full OT. LRH developed them to make powerhouse thetans who could go out into the environment, hold their position, and get things done.

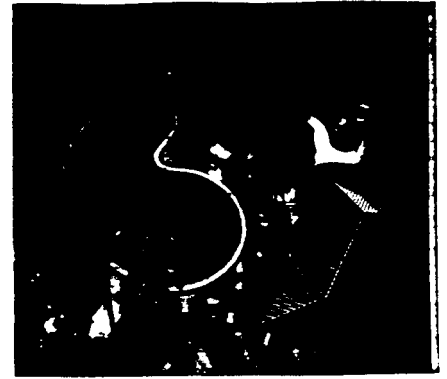

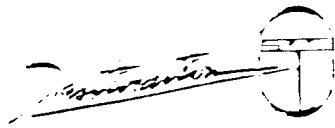

In addition to FLAG auditing, there is Flag's legendary training. Here, in twenty busy, standardly run courses

*The LRH Host – Ron's personal representative at Flag – will greet you upon your arrival and make sure that your stay is everything you've hoped for.*

rooms, more than 500 students are getting Ron's tech at any given time. FLAG Supervisors ensure that you fully get the **data** and can apply it. **There's no such thing as a bugged student** - there's only 100% standard application of LRH's study tech.

At Flag, you can train from the bottom of the training Bridge to Class VIII, and then intern in Flag's tough, standard internship. Throughout the world, "FLAG trained" and "FLAG

interned" are synonymous with technical excellence.

Between your sessions or on course breaks, there's always plenty to do at Flag. It is the crossroads of the SCIENTOLOGY world, and here you'll meet SCIENTOLOGISTS from all over the planet. People make lifelong friends, find stable and ethical business partners, and even get married at Flag!

## Why is it called "Flag"?

In the late 1960s while aboard the *Apollo* (the flagship of the Sea Organization), L. Ron Hubbard established a group of top Sea Org auditors and C/Ses to assist in his OT research. Ron personally trained many of these staff. With intensive training and auditing, this group became the top technical team on the planet, producing routine miracles with 100% standard tech.

Word of the spectacular results of FLAG auditing and training spread, and in 1973 the gangway was opened for all SCIENTOLOGISTS.

The demand for services was so great that soon the ship was filled to capacity, with more pcs and students on the way. To meet the demand, in late 1975, a land base was established in Florida, where superlative Flag services would be available to anyone.

The FLAG Land Base has grown and expanded many times over and today is a huge and booming org – a testament to the results and wins obtainable from 100% standard technical application.

Flag is called Flag today to reflect its proud beginnings aboard the flagship *Apollo*. Under Ron's leadership there was only one standard – 100% standard tech. The tradition continues and today Flag still delivers what is simply the best auditing and training in the world.

# Experience the Power of Flag Auditing

## Ultimate results

**B**etween 1970 and 1971, Ron developed the fabulous Ls Rundowns – rundowns so direct, addressing such deep charge on a case that it was necessary to train a new level of auditor to deliver them. And so the highly skilled Class X, XI and XII Auditors were forged under the unrelenting demand for standard tech. These are the highest-trained auditors existing and you'll find them exclusively at Flag – the only Class XII org in the world.

LRH said of the Ls, "...they require experts to run it. The TRs required are different and the TRs have to be flawless. And the metering perfect. It's so much truth that we can't export it... It's the terrific highly

*paced auditor skill required that restricts them to Flag."*

L. Ron Hubbard  
Flag OODS 1 June 1972

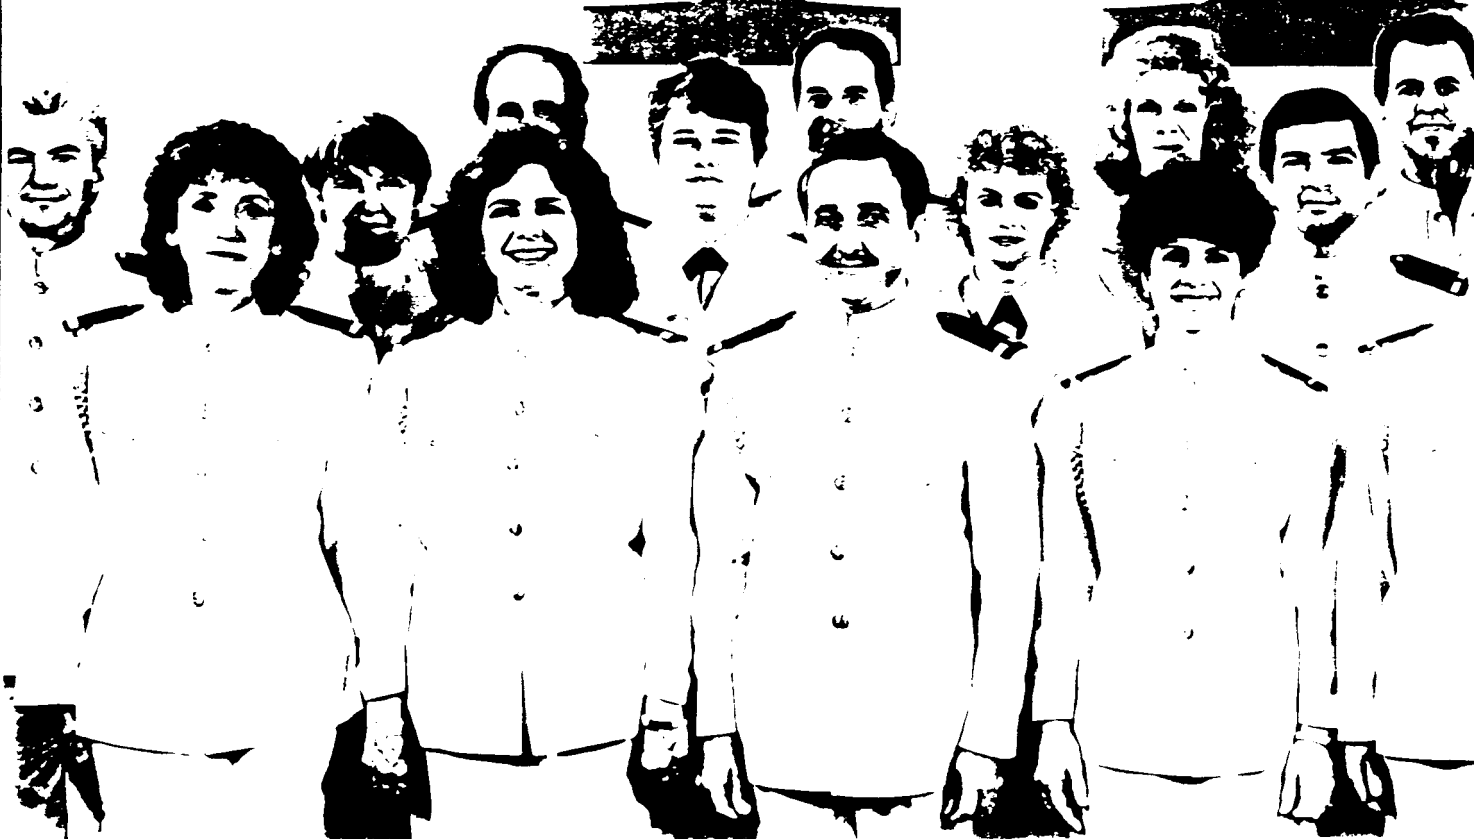

Class XII is the pinnacle of technical ability. It takes absolute intention and integrity to become a Class XII Auditor. Here we have the essence of Scientology's power – flawless, pure and exact. Flag results are unsurpassed.

In 1971, Ron said that these auditors could "*crack any case that walks up the walk.*"

Our Class XII Auditors can audit any point on THE BRIDGE and it is not unusual for discerning pcs and pre-OTs to request preferential Class XII auditing for all their Bridge actions. Class XII auditing and C/Sing means smooth, flubless case

handling, superb results and fast progress up THE BRIDGE. It costs more, but the gains are priceless. We have thirty Class XII Auditors here to service you.

Flag's auditors of all classes are to of the line. Whether you choose to be audited by a Class XII Auditor or not, you will receive nothing but the best 100% standard results at Flag. I delivers all Grade Chart actions, from SCIENTOLOGY and DIANETICS® introductory auditing, right up to New OT VII and setups for New OT VIII, TRUTH REVEALED. And Flag has the Ls and the new Case Resolution Rundowns – special Flag-only actions – powerful tools to get you to OT fast. Here at Flag, going OT isn't a future dream, it's a daily reality. Our results show it.

Flag's tech team will get you to your Destination: OT!

# Remove any Barriers to Reaching Clear and OT

The secret of Flag's ability to handle any case, no matter how stalled it may seem, lies in the exact application of standard tech. The FLAG Case Check is a special service designed to get your case fully set up to run on standard FLAG auditing.

Do any of the following apply to you?

- Uncertainties, invalidation or evaluation on your state of Clear?
- Taking too long to go OT? • You haven't completed a case action on THE BRIDGE in months and you haven't started on your next step?
- You feel you haven't gotten the full gains available from the auditing you've received? • You're not sure what your next step should be?
- Can't seem to make your postulates stick? • Feel that something has been missed on your case, something is still unhandled? • You've been over-repaired or run on actions you didn't feel you needed? • Your auditing doesn't seem to be tailored to fit your specific case situation?

If so, then you need a FLAG Case Check. This action is so valuable that some people come to Flag for a weekend just for the case check! For fast service, be sure to send your folders in advance.

Flag's highly trained technical staff will look into your case and take the following actions:

1. A complete Folder Error Summary (FES) is done by a FLAG

auditor. He systematically detects every departure from standard tech on your case and isolates this for handling.

2. Your auditing folders are studied in detail by a FLAG Case Supervisor. Based on this, he'll know exactly what tech needs to be applied to your case to achieve 100% standard results.

3. Any needed interviews are ordered by the Case Supervisor and conducted by the Director of Processing, so that the C/S has a complete picture. This is a very personal action to ensure that nothing is overlooked.

4. A standard program is drawn up – the precise sequence of actions needed to get you really moving on THE BRIDGE. FLAG tech staff have one goal – to get you to full OT.

*Clear is a bright, shining reality here at Flag. CCRD completions experience full resurgence of the state of Clear.*

5. As the final step, you receive an exact R-factor on what you need to do next. You will have absolute certainty that you are now on a fast and direct road to your final Destination: OT.

## The Clear Certainty Rundown

### Fully Stabilize Your State

You're a Clear! Congratulations!

As you read this, you are somewhere on the route to OT. And if you are a Clear or suspect that you may be Clear, there are some very important facts you should know.

If you are Clear, you can experience the phenomena that your postulates are working better now than before you were Clear. What you put your attention on now seems to happen. You may find yourself involved in situations that aren't exactly what you had planned. For example, you might postulate that you can't do something or can't have something and then find that this is exactly what happens. (There is a reason this happens and you'll find the answer on the OT<sup>3</sup> levels.)

*"... anyone who is Clear but not OT III had better be pushed up to OT III fast because otherwise he is at risk."*

**L. Ron Hubbard**

HCO Bulletin # 23 Dec 1971RB

If you attested to the state of Clear some time ago and did not move onto your next step, you are in jeopardy. The areas of case addressed by the OT levels are sitting right there, waiting to be handled. This is the very case that is preventing you right now from making the decision to go OT! It is the only thing in your way.

*"The state of Clear having been truly attained yet not acknowledged and attested to can cause an extraordinary amount of invalidation. Evaluation also occurs on this subject and comes from others and even the pc himself.*

*"It is not only lack of acknowledgement but also invalidation by having been audited on certain processes that a Clear wouldn't respond to, such as engrams, Goals Processing, etc. (Also, with Clears*

*who went Clear before they did the Clearing Course and never knew or spotted it, bypassed charge can result. This is because when they were auditing on the Clearing Course they were running something which was trying to achieve what they had already achieved. It serves as an overrun.)*

*"These things are cleared up on the Clear Certainty Rundown so that when a state of Clear does exist it can then be rehabilitated successfully." L. Ron Hubbard*

C S Series 4R. Clear Data

If you haven't moved from Clear to your next action, you could lose certainty of your state of case. You may even begin to believe you'll never make it to OT. A Clear who feels this way must come to Flag to remove these blocks to his progress on the road to total freedom. Your auditor's only intention is to get you to OT.

Ron developed the CLEAR CERTAINTY RUNDOWN™ with the purpose "To safeguard the state of Clear and to provide a procedure whereby those who have achieved Clear can get it properly acknowledged and attain a full resurgence of the state."

This Clear verification action will handle any accumulated charge which may be blocking you from experiencing the full state of Clear.

Do your CLEAR CERTAINTY RUNDOWN at Flag. Your destination is OT.

**Your session time is valuable! Flag has hundreds of pcs on auditing lines at any given time. The Board I/C is the hub of HGC activity as he runs the pc scheduling board and ensures that auditors connect up with their pcs. No time is lost - as one pc comes out of session, another goes right in. Flag's efficiency keeps our standard tech lines flowing, distraction free.**

# Flag-Only Case Resolution Rundowns

*Gain freedom from your case and win in life*

*"It is always the fate of the top-level org of the world to inherit the rough and 'unsolvable' cases. Flag runs on the basis of results or else so far as their tech stuff is concerned. The words 'failed case' do not exist on Flag. Therefore they have rundowns and handlings to untangle the most tangled and get it going again. (Flag gets easy cases too. In fact they get some of the easiest and fastest cases in the world because such people have a way of making it through to the top.)"*

**L. Ron Hubbard**

LRH ED 301 Int. RJ 30

**W**hen you arrive at Flag, you'll perceive an aura of confidence in our technical crew unlike any other organization in the world. That's because our staff produce miracles daily and routinely. Case resolution is one of our specialities. And no wonder. Flag is the mecca of technical perfection. At Flag, you can handle anything you want to handle on your case. Any barriers on your route to Destination: OT get removed - terminatedly.

"I've had tremendous wins. I'm confident there isn't anything that can't be handled at Flag. There's no place I'd rather be than right here." S.B.

The Flag-only case resolution rundowns were developed by Ron to handle unique case conditions. Our top-notch C/Ses will isolate any points singular to your case alone and then program your folder for the precise case resolution rundown that addresses that.

"I was stuck on THE BRIDGE for many years, so I came to Flag to sort it out. The first thing that I got was

an interview with the Director of Processing. He asked me a particular question, and instantly I exteriorized! And this was just the beginning!" M.N.

Even if you aren't in case trouble, these rundowns are designed to increase your abilities and livingness. Just addressing these points will move you closer to full OT.

You can receive these special rundowns at any point on the Grade Chart - from the bottom to the very top. Flag is famous for

"Because I'd been stalled for about 16 years, I thought I was an uncrackable case. When I finally got to Flag, from the moment I walked in the door, I knew I was home. I went to the HGC and was given a very personalized program that cracked my case, and terminatedly handled the problem. Flag definitely saved my life." J.O.

## Case Cracker Rundown

Ron developed the CASE CRACKER RUNDOWN in the 1970s to handle bugged or snarled cases. Case barriers in your life can lie out of view and sit rock solid in the way of further gains on your route to OT states. This rundown blasts through them to permit a new vista of ability. With these barriers gone, you're free to move up THE BRIDGE. Dramatic improvements are commonplace. You can experience far more free theta and power, plus lots more attention to place on the things in your life that you want to win in.

*"I just completed an incredible rundown! All the right items read and I can honestly say 'my case is cracked.' I feel a thousand times better after the rundown and have a tremendous resurgence of gains from my previous auditing. I'm on top of the world and truly OT again! I can't thank Ron enough." J.G.*

On this rundown, your auditor

will address - and blow away - every possible point that could solidify your case. While this action has been designed particularly for blocked or bugged cases, anyone can experience excellent results from this powerful action.

The CASE CRACKER RUNDOWN is available to preclears, Clears and OTs and gets them back on THE BRIDGE and flying in life.

Do the CASE CRACKER RUNDOWN and remove the obstacles on your road to Destination: OT. You'll feel the mass blow away.

## New Vitality Rundown

Stress and suppression can weigh you down and hold you earthbound. This rundown zeros in to locate exact factors on your case that make you feel less than yourself, less vital, less alive. You can enjoy life fully in present time and as yourself. After the NEW VITALITY RUNDOWN, one becomes stable and can hold a position in space.

The NEW VITALITY RUNDOWN handles areas of beingness and any susceptibility to personal instability. Stress can evaporate entirely, leaving you with the energy to really get going in life and the ability to experience the sheer joy of living.

*"This rundown was absolutely incredible. It covered every area I could think of and blew all the mass off. I feel like I don't have a case anymore." R.E.*

This rundown is tailored to your case, your life and circumstances that are holding you back. No two pcs are ever asked the same exact questions.

You can do the NEW VITALITY RUNDOWN if you are below the case level of Clear on the Grade

# Flag-On

Chart. The C/S may call for certain setup actions before permitting you to begin.

## Int by Dynamics Rundown

*"Exteriorization is defined as the act of moving out of the body with or without full perception.*

*"It is the fact of this act which proves that the individual is not a body but an individual."*

**L. Ron Hubbard**

HCO PL 4 January 1971 R.A

You've probably seen people who are withdrawn or stuck into some area of their existence. Perhaps they are unable to function as part of a group. Some stay at home all the time, withdrawn from friends and family. And we've all seen individuals who can't seem to settle down on the second dynamic.

The Int by Dynamics Rundown doesn't replace other Int handlings. However, the condition of being out-Int on another dynamic can explain why a pc or pre-OT who has had Int correctly handled earlier, still experiences out-Int phenomena. This rundown is available to pcs and pre-OTs, but would not be delivered to anyone in the No-Interference Zone.

After this rundown, a pc's dynamics will settle into alignment and his universe will straighten out. He'll no longer have any concern or trouble with the subject of exteriorization or interiorization on any dynamic.

## Prosperity Rundown

The PROSPERITY RUNDOWN handles the real barriers to individual prosperity, allowing pcs and pre-OTs alike to fly up THE BRIDGE.

Here's the secret, the pearl within the oyster – people who aren't prosperous are that way because of mental charge on the subject! Once this is handled, the physical universe barriers fall away and the being is free to flourish.

If your life is troubled, full of stress and worry over your personal prosperity or finances, this rundown can resolve the case aspects that block your affluence.

The rundown consists of a series of auditing processes that address your individual situation. For a husband, this could mean an increased ability to provide for his family. For a manager, it could open up new possibilities to achieve goals. For an artist, it could mean a whole new level of creative freedom.

This rundown is available only at Flag. It can be received at any level of case, providing you are not in the middle of another auditing action.

## Profession Intensive

Think of the amount of time the average person spends on the job or pursuing his profession! A rundown that would rid a person of case accumulated in this main zone of activity would be invaluable. This rundown exists and is available – the Flag-only PROFESSION INTENSIVE.

*"A new rundown exists to enable an individual to overcome difficulties that he may encounter in his profession. ...*

*Study in between your case resolution auditing sessions right here in our Division 6 course room, located next to the HGCs.*

*"...if one addresses a particular subject or area of life where a preclear manifests a specific aberration or deficiency, one can see a vast improvement in that area as the aberration or deficiency is audited out. When well audited, the Profession Intensive can help a pc or pre-OT straighten out his main zone of activity in life."*

**L. Ron Hubbard**

HCOB 6 Oct. 1991

This rundown is available to people of all case levels, provided you're not already in the middle of another auditing action or level.

It is tailored to your own profession, and gets to the root of any specific charge, revitalizing self-determinism and personal power.

*"As much as one would like to make things perfect in one's business or venture, certain rudiments go out. These make it difficult to confront one's work and colleagues. Well, this area has been cleaned up for me. I am raring to get going again. I feel I can comfortably wear my hat again. Essentially, my hat in life has been revitalized." W.W.*

## Knowledge Rundown

Restore your willingness to know! This unique precision rundown handles any misemotion associated with the concept of knowing everything. A thetan has the capability to know everything, but can collect hostilities that block his ability to soak up data.

The KNOWLEDGE RUNDOWN consists of six steps and can be delivered anywhere on the Grade Chart. The only prerequisite to the KNOWLEDGE RUNDOWN is the Vital Information Rundown, available at Flag and also delivered in SCIENTOLOGY churches and missions internationally.

Flag pcs and OTs report that this rundown enables the individual to

*FLAG case resolution auditing zeros in on the exact areas you need to handle to get your case flying.*

know anything he wants. Other gains include: the ability to evaluate situations, certainty on knowing, increased interest in people, and really knowing oneself.

*"I did the Knowledge Rundown and I am very happy about it and lucky to do it because it increased my IQ, restored my willingness to know and increased my interest in people. When I know, I am certain, and also know what I need to check. I also know I can evaluate a situation, condition or whatever. I definitely know I won't make the same mistakes especially when I apply this rundown. And I will apply it and I totally know how to apply it." C.B.*

## Dynamic Sort Out Assessment

How charged up can a case get? Well, it could get so severe that the case becomes like a firestorm completely swamping the person. In such a situation, the person may complain of not feeling good, may have various body problems and may be frequently upset by life in general.

*"Some cases have gotten themselves in such a charged up state that they are like living lightning. They are swamped with too much charge."*

**L. Ron Hubbard**  
HCOB 2 Dec. 1974R

This rundown isolates the exact entrance point into the case by zeroing in on the dynamics where the trouble lies, charged and waiting to be released. The items on those dynamics have been the hidden source of charge. This can lie deeply buried, hidden from view and suppressed from memory.

*"My awareness of my eight dynamics has unbelievably increased. I no longer feel smashed into the big mess of life. I can clearly see each dynamic and have purpose along each one of them." K.E.*

# Flag-Or

This rundown addresses just about any problem that can occur on any dynamic, such as fear of losing something, an insecurity about marriage, suppressed sexual desire or inhibition, a past betrayal by a group, charge over a degraded person or a bad experience with an animal, charge on MEST, even spiritual upset with a religion or a supreme being!

There are no prerequisites to the Dynamic Sort Out Assessment and it is available at any point on the Grade Chart (except of course within the No-Interference Zone).

Any case can be improved with the Dynamic Sort Out Assessment!

## Fixated Person Rundown

An individual can fixate on another person and live in the shadow of this. He keeps thinking about the other person – his work and life are interrupted, he can't seem to pry his attention free. In such a case, a person can have a very hard time just getting on with it. His joy of life is blocked and his energies are drained.

*"The Fixated Person Rundown remedies the condition as it frees up the person's fixated attention and literally 'unsticks' him from the terminal."* L. Ron Hubbard  
HCOB 25 Nov. 1991

One can get fixated on family members, co-workers, children, a member of the opposite sex, a friend, a teacher, you name it. And this fixation can have an undue effect on a person's life. You don't even necessarily know that your attention is fixated, or suspect what you are missing in life, until the correct charge is found and indicated on this rundown.

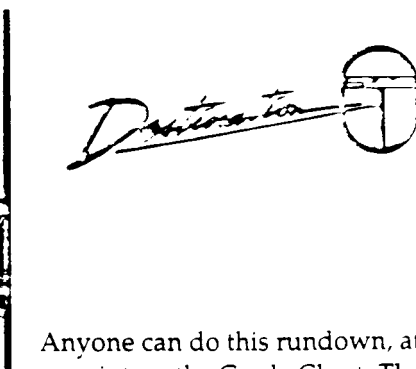

*Congratulations! You've completed your case resolution rundown. The Reg will help you decide on your next step to Destination: OT.*

*Between sessions, visit the FLAG Bookstore. Flag has the most complete bookstore on the planet, offering all of Ron's translated materials.*

*"Goodbye SERIOUSNESS!! I really didn't realize how stuck my attention had become on certain people. This was very precise and actually blew a ton of fixed attention. I realized that it is very wonderful to have freed up attention units as I have new people come onto my lines. I also feel I can grant others more beingness and not 'carry the troubles of the world' on my shoulders."* A.G.

Anyone can do this rundown, at any point on the Grade Chart. The only exception is the No-Interference Zone.

You've probably already spotted one of these rundowns that you feel could handle some attention you have on your own case. When you arrive at Flag, you can tell the Director of Processing what rundowns you feel would best address the areas you have your attention on and why. There's no limit to the number of these rundowns that you can receive.

# The Fabulous Flag-only L Rundowns

## Rehabilitating the Power of a Thetan

In 1971, Ron wrote about the fabulous L Rundowns, "Flag auditing on these released a potential powerhouse, one of these 2 billion megawatt OTs."

### History of the Ls

In 1970 on the flagship *Apollo*, Ron made a spectacular technical breakthrough. He found the key to bring about tremendous surges in cause level.

From this breakthrough, Ron devised a series of processes, which would eventually become L 10,<sup>o</sup> the first of the fabulous L Rundowns. LRH limited the delivery of the L 10 processes to Flag because "...they require experts to run it. The TRs required are different and the TRs have to be flawless. And the metering perfect." Ron said of this startling new rundown, "You have individual technology now which turns the sick well, the insane sane and makes a

*one-life being immortal."*

But Ron directed that L 10 be used to make the able OTs yet more able. In early 1971 he wrote, "The basic tech came from research into increasing OT powers. The new L 10 Rundown is so very effective on OTs."

The L 10 Rundown was at that time, and until 1975, delivered only to OT IIIs and above.

Ron described the results of the L 10 Rundown in a confidential HC Bulletin in June 1971: "This in itself was a fabulous rundown. It changed the person's whole life."

But some of those coming to Flag for the FEBC<sup>o</sup> and other executive training were not yet up through O III so Ron developed two additional L Rundowns specially for executive not yet in the OT band.

"A new L 10 for those not yet on OT Grades was outlined by me last night." Ron said in May 1971, "There are now 3 L Rundowns."

One of these new rundowns Ron mentioned was the L 11<sup>o</sup> NEW LIFE RUNDOWN,<sup>o</sup> which was producing amazing results on students at Flag.

Like the other Ls, L 11 requires totally flubless auditing. In July 1971, Ron said, the L 11 Rundown "is useful on any case ... It can be exactly handled with care only by auditors and a C/S grooved in on it within an inch of their lives and crammed in practice to total flublessness.

Class XII Auditors are the highest classed auditors in the world and are exclusively at Flag.

*"...just call this the New Life Rundown. Well done it gives a new life in truth! What's that worth?"*

In May 1971, during his research into the third and final L, the fabulous L 12<sup>s</sup> FLAG OT EXECUTIVE RUNDOWN, Ron made a major breakthrough.

*"I got in a marvelous long search period yesterday," he said. "Search is not over the terrain you cover that has been blueprinted and mapped. It is straight into the unknown. Often when you have your hands on something strange and there's a sudden distraction, you get a blow up..."*

*"Already great progress has been*

*The L Rundowns are nothing short of spectacular and have changed the lives of many SCIENTOLOGISTS.*

*made. And yesterday I found a phenomena we've never before seen as such. In 1945 and 1955 I noticed bits of it but never put it together..."*

*"It is the first major tech advance into new ground since 67.*

*"A few more of these," Ron concluded, "and we'll have even more planet."*

Within a few days, Ron had this exciting new breakthrough piloted and found it a *"howling success."*

It strips away identities and beingnesses that aren't you, and leaves you more powerful, exterior and more yourself than you have ever thought possible.

With this major breakthrough, the powerful L 12 Rundown was completed and delivery began to students on Flag. In June 1971, Ron wrote, *"A new and vital rundown has been developed and grooved in..."*

*"The Flag OT Executive Rundown makes a stable thetan exterior whose ability is greatly increased and is not likely to become PTS to anything."*

With research fully wrapped up on all three L Rundowns, and full-speed delivery underway to students on Flag, the word of these fabulous rundowns spread fast and far.

Ron wrote in 1978, *"The Ls are at Flag only. They are not grades in themselves but incredible boosters that can be delivered at any point after a completed Drug Rundown and Expanded Grades. The Ls are audited by Class X, XI and XII Auditors who are the most highly trained on the planet."*

# L 10

## "King of the Mountain"

*L 10 "came actually from the OT Grades. It answers the question, 'Why does an OT restrain himself and cease to behave as an OT?'"*

*L. Ron Hubbard 18 January 1971 FEBC Tape*

The Flag-only L 10 Rundown unleashes a being into an entirely new realm of cause and OT power. Not a grade in itself, L 10 is a powerful case booster that can enhance future grades and levels, and speed progress to OT.

L 10 was developed by Ron in 1970 out of research into increasing OT powers. Such is the power of this rundown that LRH himself referred to L 10 as "King of the Mountain."

With twenty-three separate actions, L 10 rockets reach and DOINGNESS. Extremely precise, this auditing requires a special class of auditor - FLAG Class Xs.

Every being was once an all-powerful OT. For nearly an eternity, being has accumulated aberrations and restraints, gradually reducing his power and reach.

On L 10, these blocks are stripped away, layer by amazing layer. Using a technique found only on this rundown, L 10 cuts through the protective mechanisms of the mind and locates areas intimate to a being, areas so occluded they are not handled with any other processing.

As L 10 progresses, the chains with which a being has tied himself down are blasted apart. One becomes more and more powerful, more and more free, more and more OT. In fact, one discovers the OT powerhouse he natively is! At the same time, vision opens up for the body as well as for the being. Memory can open up including whole track recall. Perceptions skyrocket.

L 10 is one of the most dynamic rundowns there is - a rocket-ride to OT power and doingness!

The wins of L 10 are spectacular. "I have never experienced any such event as the one I have just gone through during my past year after L 10. I have made several dreams into realities. While I was on L 10, going through the very reason I was restraining myself, I not only overcame various obstacles which I thought would do me

in, but also achieved very tangible results. I always wanted to write a book – and get it published. I always wanted 'to make it big' like a big company or do something outstanding. I never realized these achievements were so simple to create. Yet if I hadn't been on L 10 they could still be daydreams. Statistically on several dynamics I have seen dramatic changes. One of the most important statistics people keep is financial and I have seen my company's income increase by 50X weekly but really inadequate in terms of what potential values I have to the 3rd and 4th dynamics. To sum it up, I honestly feel like a thetan for the first time in a long time." G.C.

## New Life Rundown

*"All aberration is to a greater or lesser degree nonsurvival. To be rid of major aberrations is to have a new life." L. Ron Hubbard HCOB 17 Sept. 1971*

The L 11 NEW LIFE RUNDOWN is swift, dramatic, very direct auditing that zeros in on, and blasts apart, the major source of aberrations on a case.

L 11 was developed by Ron at Flag in 1971 to boost reach and power with explosive *speed* for both pcs and pre-OTs. Not a grade

in itself, L 11 is a powerful case booster that can enhance future grades and levels, and speed progress to OT.

There are six steps to L 11.

One of the first steps deals with flows and enables a being to use intention freely and fully.

Then one handles the *major deep-*

hidden source of aberrations on the case, the source of introversion and power loss. This rundown blows apart those factors that make one think he can reach only just so far, or have only just so much.

On L 11, one looks at stops and survival in a way these have never been viewed before. Major stops and stuck points accumulated for eons are blown, freeing the being from any tendency toward self-destruction and giving a power surge toward basic purpose. The final step of L 11 stabilizes and expands the vast gain.

L 11 takes the area in which a being has a tendency to succumb and turns it into *survive*. It opens the way for a being to *use* his powers and intention freely. It gives a new life!

The unique auditing of L 11 is tailored to the individual. It is so fast and precise that, as Ron wrote in 1971, *"It can be exactly handled with care only by auditors and a C/S grooved in on it within an inch of their lives and crammed in practice to total flublessness. But oh, they a smooth, those results ..."*

life in truth! What's that worth?"*

### **L 11 delivers astounding wins**

*"It has been almost a year since I did  
L 11. Life is still new and I am still  
'new.' My ability to assume viewpoints  
and to be a viewpoint has increased and  
I have hit a personal condition of  
Power. I am exterior most of the time  
and I am experiencing an ability to be

## Flag OT Executive Rundown

*"The Flag OT Executive Rundown delivers OT capability to executives....*

*"... makes a stable thetan exterior whose ability is greatly increased and is not likely to become PTS to anything."*

L. Ron Hubbard

**W**ith three amazing, powerful steps, L 12 makes one *totally certain and unshakable as a thetan.*

Though delivered to pcs and Clears as well as OTs, L 12's auditing is very OT auditing, with processes unlike any other on the Grade Chart. L 12 is not a Grade in itself but a powerful case booster that can enhance future grades and levels, and speed progress to OT.

The first step of L 12 is about BEINGNESS. With very special techniques, it can remove forever any

confusions concerning beingness; one can know who he is, what he is what he *isn't*. L 12 leaves one free to BE without compulsions or confusions, able to BE any beingness desired.

The second step of L 12 deals with *extroversion*. Factors which can introvert a being into the body are handled forever. Attention comes out of the body; stably extroverted out into the environment.

With the first two steps of L 12, one becomes very certain as a being, more and more OT, and achieves *stable thetan exterior*. L 12 contains the only direct processing used to accomplish exteriorization. This is one of the greatest discoveries ever made!

LRH said in 1978, *"When I was C/Sing the Ls I would never let a pro OT leave the ship unless he'd gone exterior with full perceptions and*

### L 12 and the Flag Executive Briefing Course

The Executive Briefing Course was developed by LRH to go hand-in-hand with the FEBC. L 12 makes the executive totally certain and unshakable.

The FEBC is the perfect training to take alongside your L12.

Before I did L 12 there was always a bit of confusion and uncertainty in my universe, and afterwards all that was

gone. What was added the ERH part of the FEBC Course, there was suddenly a new awareness, a new certainty and a new clarity to everything I undertook.

L 12 gave me all the assurance of a true executive plus the beingness and the power that goes with that. Then with the tech of the FEBC along with that I could no longer make a mistake, and just make things go right,

always and in the position to take exactly the right steps that lead to the type of expansion any businessman has ever dreamed of.

*was able to maintain it."*

The third and final step of L 12 deals with *stability* – from an OT viewpoint! This body of OT data is revealed only on the final step of L 12. You see what it is, play with it, become very familiar with it. You handle the past, present and any future consequences of it.

At that point, you are cause over it, and you are *unshakable*.

L 12 delivers a new and towering realm of OT beingness and stability that changes forever how a being operates in life.

# New OT V

## Audited New Era Dianetics® for OTs – the Second Wall of Fire

*"I have now developed an entirely new rundown called 'NED for OTs.' This deals with living lightning, the very stuff of life itself. Run exactly correctly by the book it produces remarkable results in the OT band. ... While much of it is confidential I can tell you that the first step of 'NED for OTs' is designed to raise perceptions, especially theta-perception, and as for the rest of the rundown – surprise, surprise, surprise!"*

L. Ron Hubbard

LRH ED 298 Int

Another FLAG speciality is New OT V, Audited NED for OTs, which was first released here at Flag in 1978. SCIENTOLOGISTS flooded in from all over the planet to receive this service, as they still do today.

New OT V is delivered by Class IX Auditors, and Flag has been entrusted with the training of all Class IX Auditors internationally since the release of this level in 1978.

Flag's own team of Class IX Auditors is the largest team on the planet delivering New OT V, with two full HGCs devoted to this level ensuring fast, efficient service.

Even if you are mid New OT V, you should come to Flag to complete your Bridge. Here, when you complete New OT V you can go directly on to New OT VI and VII.

New OT V deals with phenomena you may have experienced as a New OT IV completion. Your power and effectiveness have been vastly increased in the course of your progress up THE BRIDGE. However, in your enthusiasm to expand you may have collided with mysterious barriers, interfering with your cause level, abilities and reach. You may also have experienced odd or unexplained phenomena – somatics or reactions that perhaps make no sense to you, or considerations that seem out of place.

In the late 1970s, Ron began a search for the underlying causes of such phenomena and the means to resolve them. In 1978, his research paid off in a breakthrough of such magnitude that it would change not just the Grade Chart, but the entire future of mankind and this universe. This breakthrough was NEW ERA DIANETICS for OTs, AUDITED NOTs®.

## Additional New OT V Materials Released in 1991

In 1991, after an extensive search through LRH's original notes and materials on NOTs, additional, previously unavailable LRH materials were unearthed. At Flag, in May of 1991, these materials were released for the first time, heralding a new era of OT delivery, and even more spectacular results from this level.

From your first NOTs session, you will forever after look at all of life from a totally new viewpoint. One learns how his postulates affect things around him and the exact factors which must be confronted on this vital step of the route to OT.

Just having this data gives a new level of understanding – and a sky-high new level of cause. As a pre-OT progresses through New OT V, he

experiences incredible expansion as a thetan. He has greater reach, far more space, far more understanding of himself and others.

*“Some of the miracles of life have been exposed to full view for the first time ever in NED for OTs.”*

**L. Ron Hubbard**  
LRH ED 301 Int

*“The answers have been found. Any mystery which any pre-OT has ever had about his case – why certain things never resolve, etc. – all is revealed.*

*“Words fail me in trying to describe the regained ability, the increased awareness and the fun of being audited on NED for OTs. I now have a glimpse of what OT really means. Thank you, Ron. The universe will never be the same.” C.S.*

New OT V consists of twenty-six separate steps, each a complete rundown in itself. The whole program is done on every pre-OT. One of the rundowns specifically addresses a type of case phenomenon that could be adversely affecting the body, with a precise series of actions to eradicate these. Another rundown addresses factors that can create false or distorted perceptions. Still another handles hidden case that can undermine a being's stability. There is even a rundown which brings to view and eliminates aberrations that have previously been invisible.

The adventure begins with a thorough study of LRH's spectacular discoveries on this level and basic procedures on NED for OTs auditing. This action is done in session and is practically a course in itself! In this step alone some of the

*Just having the data of New OT V, AUDITED NOTs gives a new level of understanding life.*

most deeply hidden secrets of this universe and its inhabitants are revealed – and how the downward spiral can be reversed. You will understand why LRH referred to NED for OTs as the Second Wall of Fire.

At the beginning of each successive step of New OT V, the pre-OT studies further LRH data, detailing his specific breakthroughs relating to that part of the rundown. With this new knowledge, you are well-equipped to locate and handle insidious parts of your case previously hidden from view. Your viewpoint of life will never be the same again.

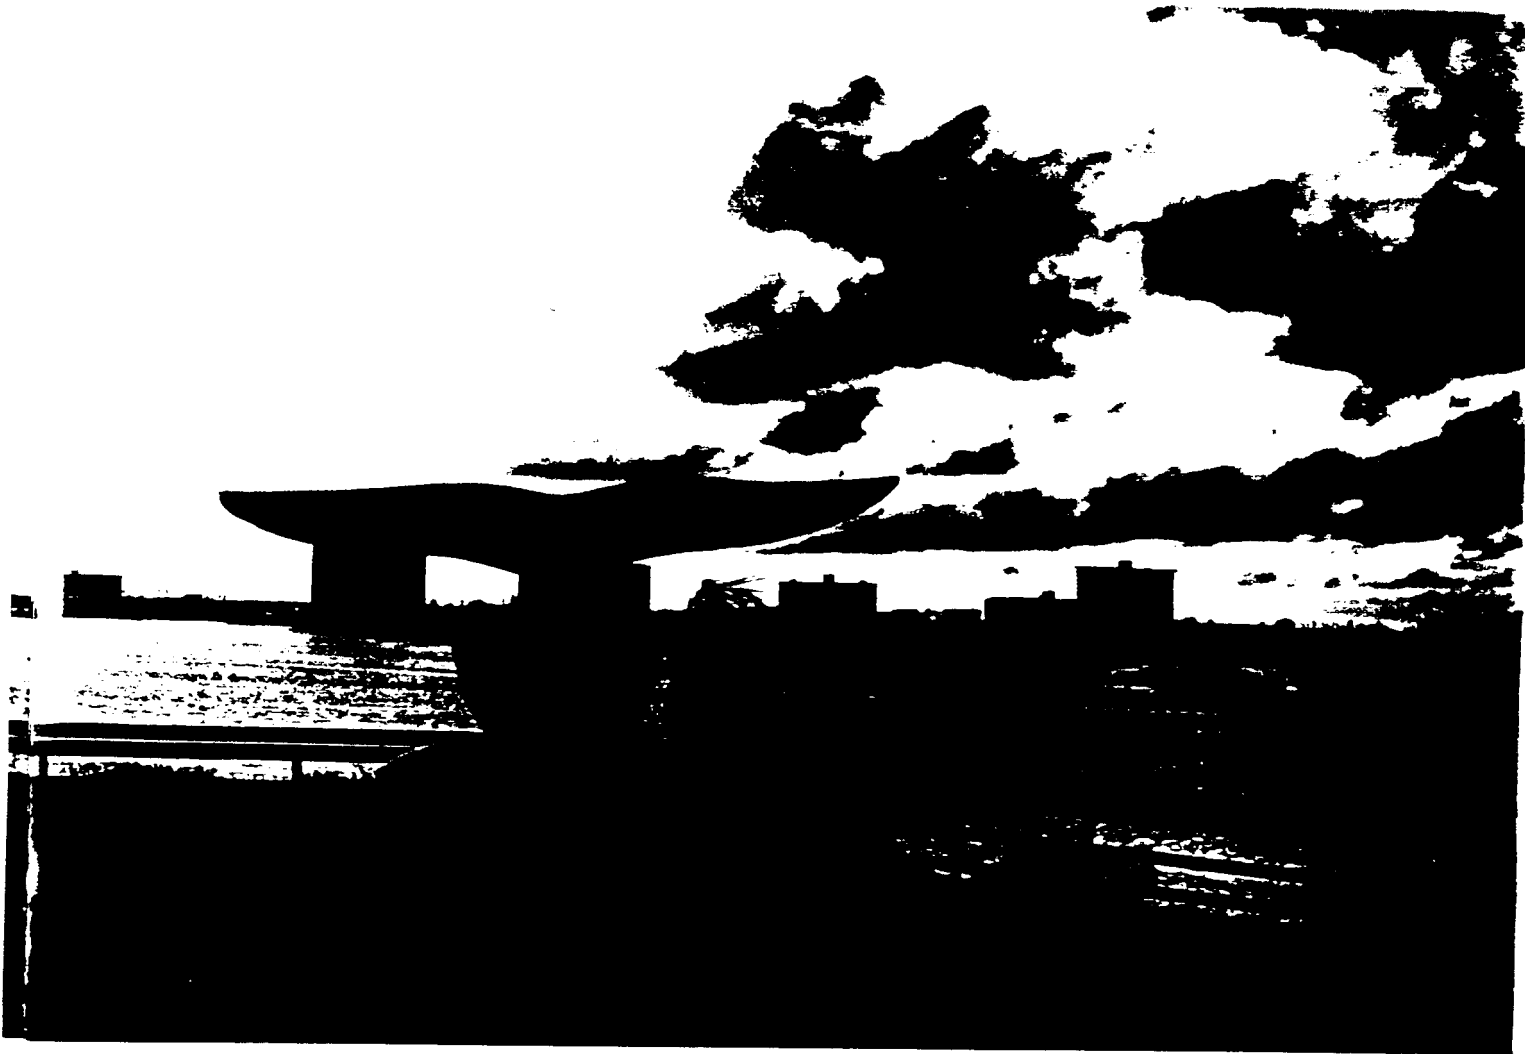

NOTs auditing is best when delivered very intensively. With the intensive auditing available at Flag's distraction-free environment, pre-OTs move rapidly through this level. No effort is spared to speed you on your way to Destination: OT.

From the first session to the last, AUDITED NOTs is an incomparable level, a truly spectacular leap upward toward full OT.

# The Sandcastle Technical Delivery Building

*Home of Hubbard Solo NED for OTs*

Once you've completed New OT V, your next steps are here at Flag's Sandcastle Technical Delivery Building. This beautiful facility was planned and built, from the ground up, for one purpose and one purpose only - the delivery of New OT VI and New OT VII. The spaces and rooms are totally planned for that purpose, and the design and aesthetics of the building, from the spacious lobby to the roof garden, perfectly complement these levels. Located just four blocks from Flag's main building, the Fort Harrison, and flanked by the Sandcastle Hotel, the Sandcastle Technical Delivery Building is one of the most theta environments on the planet.

The building is conceived on the motif of "freedom," a concept

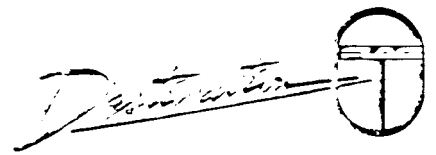

reflected in the building's light and spacious design, its appointments, and the paintings and sculpture - done by SCIENTOLOGIST artists - in its rooms, halls and patios.

Inside and out, every aspect of the Sandcastle Delivery Building is designed to ensure the perfect environment and flow lines for OT delivery.

The building's main lobby is its focal point and main gathering place. From the lobby, there is easy access to both wings of the Sandcastle Hotel, and to the course rooms and HGCs.

The Sandcastle Delivery Building is specially designed for the delivery of New OT VI and VII. There are three course rooms, four HGCs, twenty-five auditing rooms, three examiners and full cramming

# New OT VI – The Hubbard Solo NOTs Auditing Course

*Acquire the knowledge and skill  
to Solo audit through New OT VII*

*"You're walking straight into the  
tiger's lair on New OT VII and you'd  
better be good!"*

**L. Ron Hubbard**  
HCO B Training and OT

**O**n New OT VI, the HUBBARD SOLO NOTs® Auditing Course, you'll achieve the Solo auditing skill and certainty to brave the tiger's lair – and win. Delivered *only* at Flag's Sandcastle Technical Delivery Building, the product of this course is a standard SOLO NOTs Auditor who can competently and confidently take his pre-OT (himself) through to full OT VII, SOLO NOTs Completion. Factually, the gains to be had from studying the materials of SOLO NOTs auditing and mastering its skills constitute an OT level in themselves.

*"I have learned so much on this course. I have grown up as a thetan on this course. The theta boost I got from the data, coupled with the environment has made this one of the greatest experiences of my life." J.B.*

New OT VI is divided into three parts – A, B and C. Each part is delivered in its own fully on-source course room, conveniently located on the Sandcastle's first floor. You'll watch all the LRH Technical Training Films designated for New OT VI in the our Tech Film Room, specially designed for optimum presentation of these priceless materials. The intention in creating the Sandcastle's course spaces was to provide the ideal study environment, where you can devote all your attention to the business before you: duplicating the

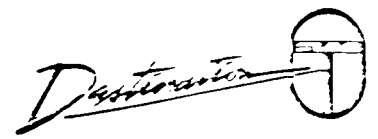

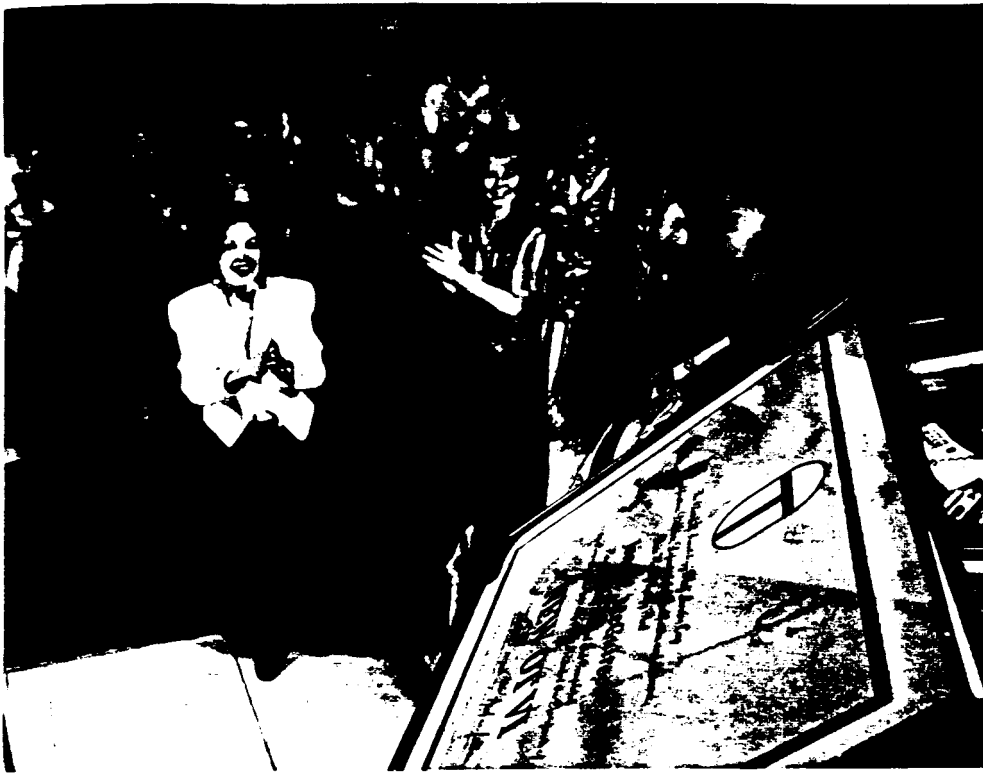

LRH tech and mastering the procedures of SOLO NOTs auditing.

On Part A of the course, you upgrade your skills as a Solo Auditor. SOLO NOTs auditing is by no means difficult. But it is terrifically fast and extremely exacting – truly *OT* auditing. Your auditing basics *must* be in, no flubs, no hesitations, no missed reads, no comm cycle violations. This is why it is highly recommended you train to Class V Auditor or above before embarking on New OT VI.

If you completed New OT V prior to release of the new NOTs Run-downs, you can get these while on New OT VI Part A and as part of the setups for Part B.

With Solo basics in and all setups completed, you move on to Part B. This portion of the course involves extensive study of confidential OT materials, including much of the data studied by Class IX (NED for OTs) Auditors. After thoroughly grasping the principles of NED for OTs auditing, you next study the specific techniques of SOLO NOTs. Finally with the theory and procedure grasped completely, you get down to the job at hand: Solo auditing. Soloing is done at Flag under close C/S supervision. Any errors or uncertainties are handled when they come up – terminatedly.

The Sandcastle Hotel, adjoining the Sandcastle Technical Delivery Building, was designed with Solo auditing in mind; you will audit comfortably in your room, close to the HGC.

*Now that you've completed New OT VI, you're ready to begin on New OT VII and are well on your way to Destination: OT!*

*"Without the data on this course, the future would be bleak indeed. LRH has truly opened the door to our future. I also finally see that the only way to change this planet is in session. I truly understand this to be true. I am proud to be one of those entrusted with the data and now expected to use it. My love to LRH." T.H.*

Between Solo sessions you return to study on Part C of the course. The materials of Part C reveal the source of much of the unhappiness, suffering and degradation now found in this universe, and give you the final theory and skills necessary to be able to continue SOLO NOTS auditing at home.

*"On New OT VI, I realized what we are here for as SCIENTOLOGISTS. We are on a mission in this universe to handle death, darkness and the dwindling spiral. Especially on OT VI Part C, I was given the responsibility to turn around what happened millions and billions of years ago. I am very proud to do this." H.K.*

When you have proven to your own satisfaction and that of the Case Supervisor that you can audit SOLO NOTS procedure flawlessly and handle anything that might come up in a session, you have completed New OT VI. You are now given the okay to return home to carry on with your auditing toward OT: New OT VII, SOLO NOTS auditing.

*On New OT VI Part B, you will do an extensive study of confidential OT materials. You'll learn the principles of NED for OTs auditing and specific auditing techniques so that you can become absolutely flawless in your application.*

# New OT VII; Solo NOTs Auditing

*Rise to cause over life  
and the dynamics*

*"According to the spiritual research records and pre-OT and OT reports, the AMOUNT of gain available to one person is never really conceived, in an aberrated state, to potentially exist above him. It is a never-ending source of wonder to people, going truly on this route, that there could be such QUANTITY of gain available to one being."*

**L. Ron Hubbard**  
*RJ 35 From Clear to Eternity*

**A** available only at Flag, New OT VII, SOLO NOTs Auditing brings a being to a state of cause over life. Factors are addressed

that have kept the person from exercising his ability to be full source and cause in his own life – and they are addressed daily, intensively, repeatedly, literally blowing them away.

Almost any unwanted reaction or difficulty in life, almost any disability or confusion has its root in the case handled on this level. On New OT VII, with standard application of LRH's brilliant SOLO NOTs technology, you can unravel and blow the aberrations and lies cutting across your potentials and rise to new level of freedom and cause.

With daily auditing, any upset tha

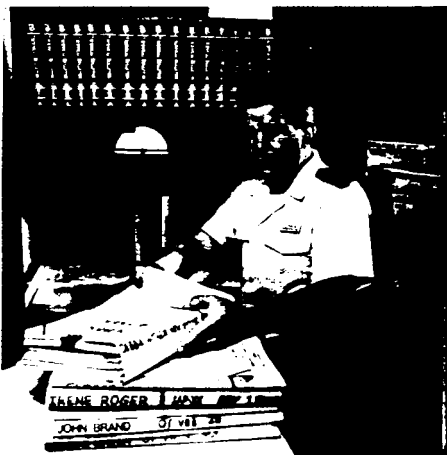

*The Sandcastle Delivery Building lobby, the home of New OT VII.*

might arise in the course of life and livingness is normally handled in the first minute or two of session – if it lasts even that long.

Another factor that makes this level different from any other is the breathtaking speed of change in session. Aberrations can disappear literally at a glance, sometimes so fast that one could miss the fact that anything has happened. Hence the necessity for the SOLO NOTs Auditor to train himself up to a level of complete competence with his auditing tools and gain terrific sharpness of perception.

As they continue through the level, pre-OTs routinely report noticing significant differences in their outlook and in the way they operate in life. These are often very “quiet” changes, but profound and lasting – a greater serenity, heightened ARC, a tendency to be less affected by “noise” and enturbulence in the environment.

By the time they reach this point on the Grade Chart, many pre-OTs have accelerated their doingness and involvement in life to levels that would leave a human being reeling.

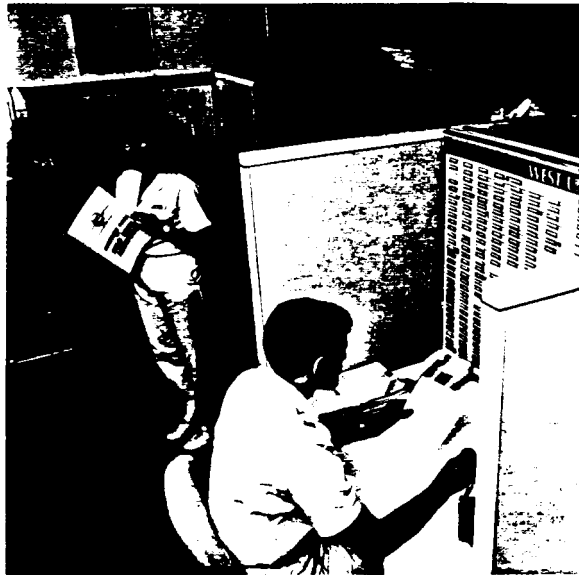

Each Solo auditor's folder is competently handled by top trained C/Ses.

Their level of acceptable randomness can become quite high – but their intention, their creativeness, their ability to make things go right have soared, too. The result: They are at CAUSE.

*“As an OT VII, I don't have upsets, I don't have bypassed charge, these things don't pile up every day. I am much lighter every day. It's easy to operate when you're not a ridge and it's easier for your postulates to happen when you have no counter-intention.” D.W.*

At this level one can become much more aware of his responsibility across the dynamics. And it is no coincidence that he is now much more able to accept that responsibility and act effectively.

Auditing at home, you report regularly by mail to the Home HGC.

*“The shift for me has been from a physical havingness of MEST to a spiritual havingness of other beings, a saner environment and people surviving better. One of the biggest changes in my life as an OT is seeing that I had to be responsible for my fellow man as well as myself.” D.G.*

Quite commonly others in the New OT VII pre-OT's environment report that things “just seem to go right” around him, that their space and sphere of influence are calmer, more in control, moving more in the direction of survival and expansion.

In short, SOLO NOTs auditing is quite beyond anything man has ever experienced, and valuable beyond measure. Completing it, one is truly ready for his next step, the first actual

OT level: OT VIII, TRUTH REVEALED.

## Home Auditing

Such is the nature of this universe and of man, that the SOLO NOTs level is lengthy.

As Ron said in Ron's Journal 35, in 1982 *“The higher the level, the longer the time – because one is handling a higher band of potential gain.”*

To enable the pre-OT to complete the level while carrying on with the more normal activities of his life,

SOLO NOTs is audited at home.

Ron continues in Ron's Journal 35, *“...one has to plan one's time to each day put in his auditing time and just keep at it... But if they will just keep at it and make the arrangements necessary to be able to do it, according to the rave reports, it is very worthwhile.”*

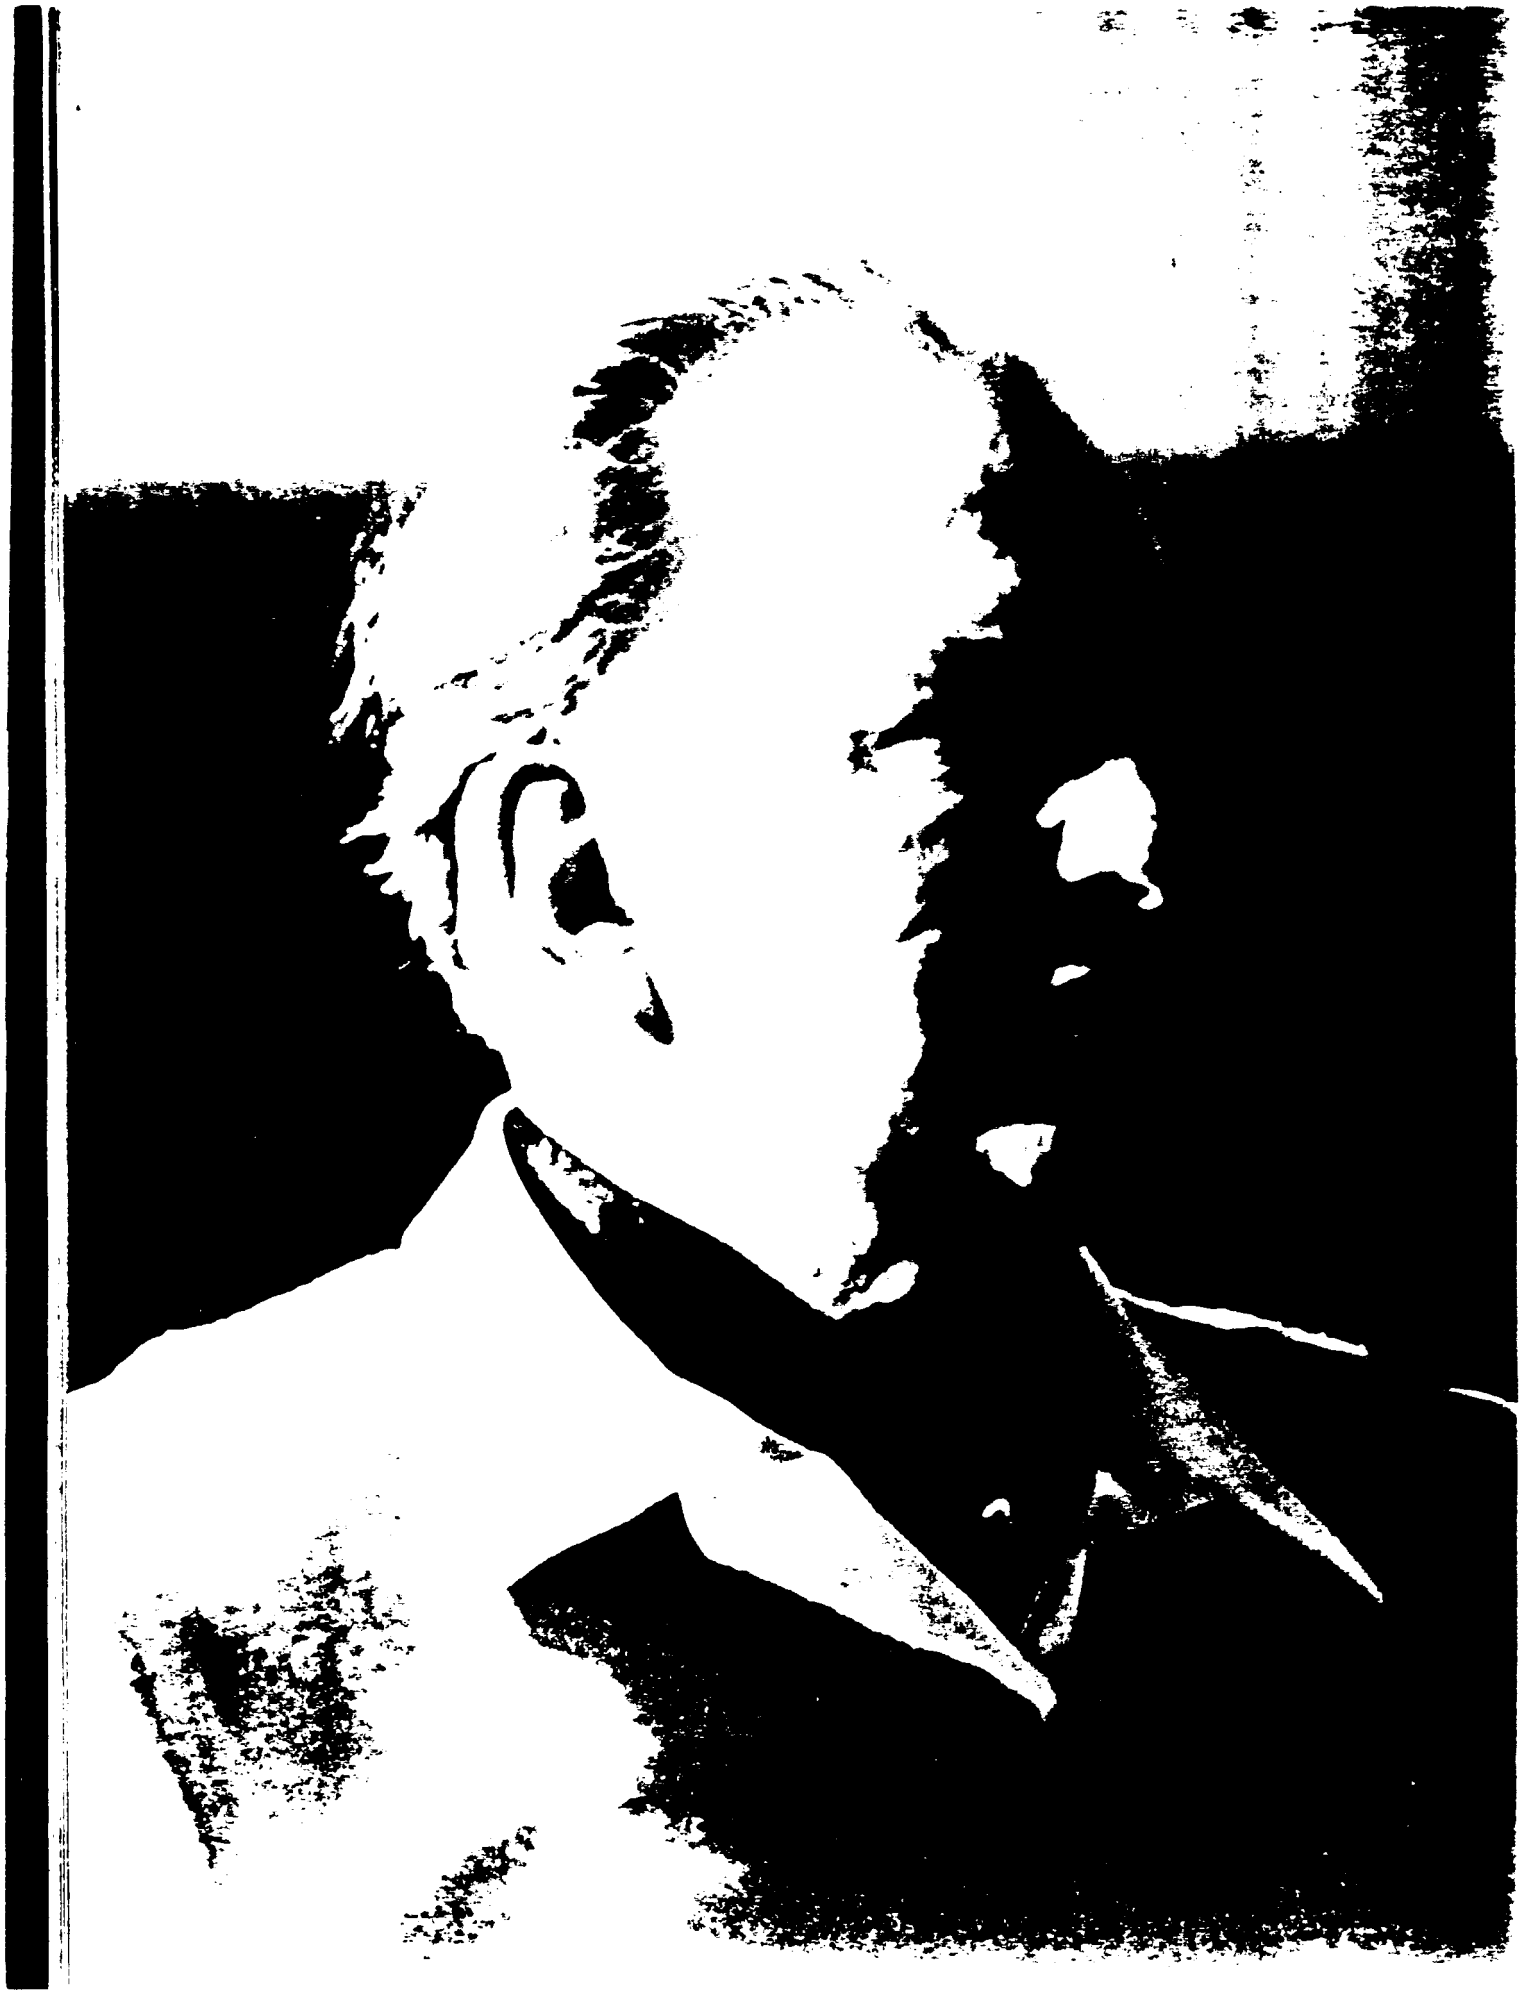

Auditing at home, you report regularly by mail to the Home SOLO NOTs Unit at Flag, on the second floor of the Sandcastle

Technical Delivery Building. The highly trained C/Ses in the Home HGC keep track of your progress and guide you through to completion of the level. You return to Flag every six months for a check and any needed polish.

## Who Can Do New OT VII

Anyone complete on New OT V, AUDITED NOTs, can be through New OT VI in just weeks and auditing on New OT VII. The truth is, it is vital that a New OT V continue through the NED for OTs band without delay, straight through to completion of New OT VII and onto New OT VIII.

# The Route Above Clear

by L. Ron Hubbard

The mystery of this universe, and this particular area of the universe has been, as far as its track is concerned, completely occluded. No one has ever been able to make any breakthrough and come off with it and know what happened. As a matter of fact, it is so occluded that if anyone tried to penetrate it as I'm sure many have, they died. The material involved in this sector is so vicious that it is carefully arranged to kill anyone if he discovers the exact truth of it.

So in January and February of this year I became very ill - almost lost this body, and somehow or another brought it off and obtained the material, and was able to live through it. I am very sure that I was the first one that ever did live through any attempt to attain that material. This material I'm talking about of course, is very upper-level material, and you will forgive me if I don't describe it to you in very broad detail because it's very likely to make you sick too.

No one is in danger of colliding with this at lower levels, since it concerns the formation of the society itself in which we live. A person is Clear on the first dynamic. It is necessary to become OT to be cleared on all dynamics - including that of society and that of the physical universe.

So I have also made this breakthrough. And I don't mind telling you that it took some doing.

In all the eighteen years this has been the toughest one that I have

faced, and I faced it, so that it would not be tough for you to face when you came to it.

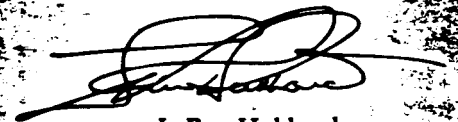

In the lower grades, one is mainly concerned with himself and his own case or his immediate family, but as one moves up the line one becomes more concerned with the environment and the world in which he lives; and with this concern, comes the realization that all has not been well.

And it is very true that a great catastrophe occurred on this planet and in the other 75 planets which formed this Confederacy 75 million years ago. It has since that time been a desert and it has been the lot of just a handful, to try to push its technology up to a level where someone might adventure forward, penetrate the catastrophe and undo it. We're well on our way to making this occur.

As one's ability to confront increases, his level of responsibility increases - and an OT cannot be an OT in a world which is insane or a universe which is mad.

Life is not necessarily a miserable mess, and a planetary population is not necessarily composed of madmen.

In all the broad universe there is no other hope for man, than ourselves. This is a tremendous responsibility. I have borne it too long alone. You share it with me now.

# A Flag Trained Solo Auditor

Flag's tradition is technical perfection; that's been true since Ron trained the original FLAG auditors and C/Ses - many of whom are at Flag today!

But Flag's tradition of standard tech is a pervasive thing; it extends into everything that is done there - including the training of Solo auditors. Ron says, "You owe yourself the best auditor in the world on Solo, and that is you."

If you're interested in being trained within an inch of your life as a Solo

auditor, you *can* come to Flag for your Solo auditor training. It will be rigorous, and exacting, but if you want the best auditor you can get when you face the Wall of Fire solo, if you want total confidence in session, if you want the certainty and the 100% results that FLAG trained Solo auditors get, then you should know that FLAG Solo auditor training is available to you.

The Solo Course Supervisors at Flag are highly experienced specialists on Solo - it's the only course they supervise - and they know this

material so well they can spot when you've got a question even before you do. In the Lemon Tree Restaurant and Hour Glass Cafe, one can hear Solo students talking in awed tones, "They're like magic. I looked up and the Supervisor was already beside me, with the exact reference opened to the very page I needed - even before I raised my hand!"

Solo students swear it's telepathy. But the Supervisors will tell you they've simply trained so many Solo auditors, they know all the possible

questions on the course by heart – and where the exact references and definitions are found.

These are Supervisors who are able to take *any* student, turn them inside out, and make them into an excellent Solo auditor – no matter what. So, making you into a superlative FLAG trained Solo auditor shouldn't be too difficult – they probably won't even need to roll up their sleeves.

*everything I learned in Part One of the Solo Course had a place and a use. I thoroughly enjoyed every minute of Solo auditing and I feel so ready to go on to the OT levels.”*

E.W.

Solo Two lasts three days full time, or one week part time. Its prerequisites are Solo One completed, and completed or enrolled on OT Preparations auditing. (OT Preps must be completed before you can go beyond Section B of the New HUBBARD Solo Auditor Course Part Two.)

#### **OT Eligibility**

Eligibility for Issue of OT levels Check is your last step before you embark on your first OT Level, beginning with New OT I. This level is custom C/Sed for each individual Clear to ensure that any barriers that would impede one’s progress onto and through the OT levels are fully resolved and the pathway is wide open.

The Eligibility for Issue of OT Levels Check, according to pre-OT reports, gives fantastic wins and prepares the pre-OT to obtain maximum gains from his OT levels.

*“It’s sort of funny to say that doing a ‘confessional’ is so validating, but it is, because it truly lets you feel your own goodness come back to you. A person is his own worst enemy – but LRH has seen past this and given us the chance to be right again.” J.B.*

#### **New OT I**

You can do all the pre-OT levels at Flag including New OT I to III. Many SCIENTOLOGISTS choose Flag for these levels, as they want the best C/S for their Solo auditing.

New OT I is the first step a Clear takes toward full OT ability. Drawn from the upper realm of Ron’s research into high OT states, New OT I takes the pre-OT to new heights as a being. By thoroughly addressing aspects of the OT case that keep a being’s intention tied up, this OT section takes you to a higher level of cause and stabilizes you at this new operating state.

You will study the confidential materials of OT I and then drill the procedures until you can apply them

flublessly. You will then begin Solo auditing this level to its end phenomena.

The dramatically increased cause and intention level you’ve attained at New OT I will stand you in good stead when you start to Solo audit OT II.

#### **OT II**

The charge you’ll encounter on this OT section would have been unconfrontable previously. Now you can handle it. You’ll use all of your Solo auditor skills, and of course the breakthroughs of OT II, opening up vast new areas of the whole track which were previously inaccessible and handle areas of charge that ruin existence across the dynamics.

On OT II you’ll follow a never-before-taped path with exciting vistas at every turn. As chapter after chapter of the whole track unfolds, your confront and ability increase enormously. OT II

severs the chains that bind you to OT case.

Included on OT II are several confidential Advanced Courses films. In these, Ron personally shows and demonstrates the OT materials you will be dealing with on OT II.

### OT III

OT III reveals the final secret of the catastrophe that laid waste to this sector of the galaxy for millions of years, and which to this day has profound effects on the beings and society on earth. You now have the chance to go free. There is nothing more important to you as a being than to get through OT III.

OT III is not a short level. There's a lot of case gain available. When you

*Solo auditing at Flag is a joy. You can audit right in your own room with our tech facilities only a short distance away.*

get onto the confidential part of the course, it seems every new page is more astounding than the last, with page after page in LRH's own handwriting. No fiction was ever as wild as the truth.

*"I opened the pack, feeling like an adventurer opening the door to an unknown realm, and began reading the now-familiar handwriting of L. Ron Hubbard.*

*You'll receive top-notch supervision and will go into session with the certainty of standard tech.*

*"A couple of million years later - or was it hours? - I closed the pack and looked around me at the students, the course room. Planet Earth, Twentieth Century. I felt like a voyager returning from a long, long, journey through the trackless light-years of space. I looked at the room with a new viewpoint. Now - I knew." D.F.*

OT III gives you a totally new perspective on life and the universe, and produces some of the most dramatic case wins you'll ever experience. You intimately come to know the real you, the spiritual you.

### OT IV

*"Once a pre-OT has attained OT III any remaining effects from drugs can be terminatedly handled on the OT Drug Rundown." L. Ron Hubbard  
HCOB 21 Dec. 1980RA*

This is not the first lifetime that you have been the effect of drugs. Drugs are an old operation that go way back on the track.

Do you think that a time track full of drug incidents isn't going to affect you? Think again! It's an insidious aspect of case that seems to pretend it isn't there, yet it deadens your perceptions and can block your progress up to full OT!

The tech of New OT IV is precise and fast, yet very thorough. Each area you handle has repercussions far beyond what you would have expected. It is only after OT III that a pre-OT is powerful enough to confront and handle this aspect of his case.

OT IV can bring you to *life* with a freedom and zest you haven't felt for a long, long time.

## Can Flag handle your case and get you up to OT IV?

Any feeling that you can't make it is just that. The truth is that the tech applied will crack your case.

Flag is an OT organization charged with the responsibility for handling all cases their way. There is no auditing: auditor plus. Greater than before. You have auditor plus. Your potential for success is guaranteed.

The tech to handle any case in life exists in Scientology. Whether you have been called on the bridge or not, we at Flag know and apply the tech to get you moving up to OT IV.

# Training & OT

by L. Ron Hubbard

**O**n Solo levels you deserve the best auditor you can get: You.

Auditor training is highly recommended whether you plan to audit professionally or not. "Getting trained," as a Solo auditor, does not

simply mean to do the Solo courses. Training up to the level of a Class IV/NED Auditor who knows his business is the most positive assurance there is that you will make it to OT.

It's all right for these guys in lower

grades to be pcs - that's fine. But there comes a point as you move up the Grade Chart when your lack of auditing skill starts hitting you in the teeth and you won't make it to OT all. You're walking straight into the tiger's lair on New OT VII and you better be good!

Recently, some Solo NOTs auditors reported that they were just giving themselves a session a week "to keep their ruds in." What was actually occurring was that they were trying to make it to OT without being sufficiently trained, and giving as an excuse that, well, they're just keeping their ruds in. If those Solo NOTs auditors knew

what was ahead of them up the line, they sure would not be monkeying with that.

The plain truth of it is, if anybody is really going to make it to OT he has to know how to audit. That's the long and short of it.

You wouldn't put yourself and your case in the hands of an untrained or poorly trained

auditor, would you? You owe yourself the best auditor in the world on Solo, and that is you.

So get trained.

# Flag Technical Training

*"What's the difference? The difference is that on Flag a comma out of place on a worksheet is a 'high crime' and after you get to working at that standard for a little while it becomes the operating norm."*

**L. Ron Hubbard**  
*Welcome to the Flag Intern Course*

A number of Flag's present top technical and key administrative staff worked under Ron as part of the original FLAG tech team. These tech experts closely oversee all training and ensure the FLAG standard of technical perfection is maintained.

Technical perfection is not something that should only exist at Flag. It is the expected standard

for every org, mission and group on this planet. FLAG staff are therefore dedicated to train up the auditors, C/Ses, Cramming Officers and Supervisors needed to get in 100% standard tech in the HGCs and Academies around the world. The future of this planet depends upon it.

Any SCIENTOLOGIST is welcome to come to Flag for training at any level - from the HUBBARD Professional TR Course right up through Class VIII. Being a career auditor is not a requirement. The determination to understand Ron's tech fully and apply it confidently, with no alterations or additions, is all that is needed.

Training also benefits you as a pe

or pre-OT. When you understand the tech, you will be able to answer the auditing questions better, faster and more accurately, and thus cut down on your auditing time and really get moving up THE BRIDGE. Also, with training, you spend less time in session handling the ravages and upsets of life – you use the tech to handle them in life. 76% of Flag's OTs are trained OTs. That is the only real way to make it up to the top of THE BRIDGE.

The Coachman Building is where you will train at Flag. This is the

biggest and most well-equipped training facility in the world, with a total of twenty course rooms giving a combined capacity of over 500 students per day. Course rooms include KEY TO LIFE™, LIFE ORIENTATION™ Course, Pro TRs, Academy Levels, SAINT HILL Special Briefing Course, Class VIII Course, Class IX–XII Courses, PDC Course and a special course room for delivery in Spanish and Italian. There are more than thirty-two Supervisors and Word Clearers to service you. Many of these are multilingual.

Here's what FLAG students are saying:

*"Flag is the Ideal Scene. Of the many ways to describe Flag, 'fantastic' covers all bases. There are many elements that make Flag Flag. I've been at Flag several months auditing and training. The wins and gains are unbelievable."*

*"Some people might not realize that every single day can be a great one. At Flag that's true, due to the fabulous technical delivery. The training at Flag is really exceptional."*

*"I wish I would have had the technology learned on the STUDENT HAT<sup>2</sup> course while I was in college and professional school."*

*"FLAG training has given me the tools to play the game of life, and allowed me to be cause over life."*

*"Simply put - FLAG Training is 100% standard and that makes you more OT."*

S.L.

*"The supervision here is just clean,*

*clear, A to B control. If there's a confusion, the misunderstood word is found with no comm lag. My FLAG training made me into a true SCIENTOLOGIST."*

T.C.A.

*"For many, many years - longer than you could ever guess - I have lived with the horrible truth that 'I was stupid.' I knew I was creative, helpful, decent, but I also 'knew my limitations' when it came to technical subjects."*

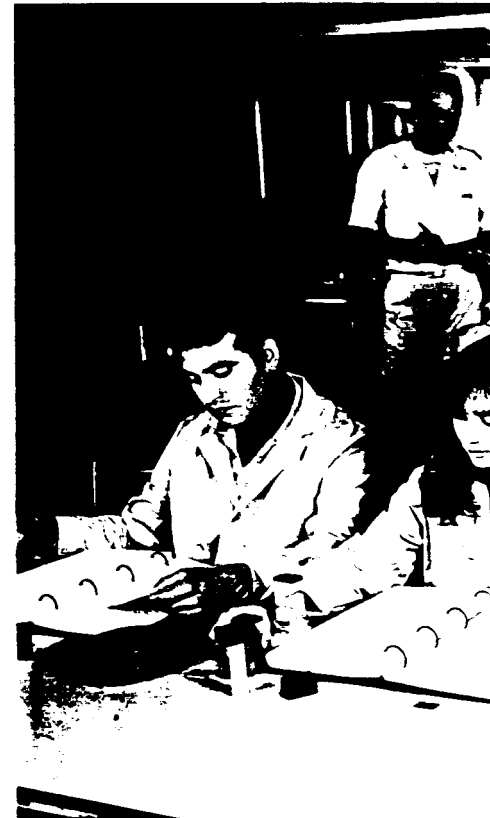

*"This kicked me in the teeth on many occasions. Well, I don't feel stupid anymore! I would like to thank the supervisors and wordclearer of the SHSBC<sup>2</sup> at Flag for just handling me standardly without invalidation I've had in the past for 'being stupid.' They just did the standard thing with ARC and have, at this moment, saved me from falling off THE BRIDGE forever!"*

R.R.

*FLAG Supervisors ensure you progress rapidly with 100% standard course room supervision.*

*On the Class VIII Course, students become super-standard auditors. This course is only available to OT IIIs and contains data available nowhere else.*

*Flag's standard course facilities and staff ensure public get the most from their training.*

*"I retreaded my Class VIII Course after doing the original course on the Apollo twenty years ago. I have to say it was very very exciting. With Flag's first class supervision and facilities, it was like hearing the lectures for the first time."*

*I.P.*

If you are already trained, get your next training at Flag. If you are not yet trained, start your training at Flag – as someone moving up THE BRIDGE to OT you need to get trained now. You simply will not make it through the upper levels of OT unless you are trained.

# Flag Internships

*100% Certainty – 100% Results*

*"It's very easy. All that's expected is flawless TRs, flawless metering, perfect C/Sing total miracles for any given level and a 10 hour auditing day with ease. There's nothing unreasonable or invalidative about it. We just expect perfection."*

*L. Ron Hubbard  
Tape Welcome to the Flag Intern Course*

For twenty years "FLAG interned" has meant the best. FLAG internships are renowned across the planet for producing top flight auditors able to audit standardly. A graduate from the FLAG internship is flawless and flubless.

FLAG internships are tough and demanding – and they result in an unshakable certainty of the tech and the ability to get 100% results 100% of the time.

## FLAG INTER

The FLAG internship is located in the Fort Harrison, close to the Flag delivery lines. Here you will become flawless and graduate as one of the most competent beings on the planet.

## What happens on the Flag internship

### The Intern Hat

First of all you will do the FLAG Internship Hat. Here you will learn exactly how to operate on an Internship. You will also hear the now famous LRH taped lecture entitled *Welcome to the Flag Internship* – where Ron himself tells you what is expected of you as a FLAG intern.

# NSHIP

### Preliminaries

Next comes a complete checkout of your basics – TRs, metering, comm cycle, etc. These will be checked out thoroughly and any weaknesses detected and corrected terminatedly so you can operate as a true expert with 100% standard basics fully *in*. Any and all questions you may have will be handled immediately with EXACT source references.

### Practical

In HCOB 19 July 1971, *Interns*, Ron said: "A COURSE GRADUATE BECOMES AN AUDITOR BY AUDITING."

"That means LOTS of auditing."

"There IS a right way to go about it."

"It is by internship."

So the FLAG internship has you audit, audit, audit and then audit more. It's the ONLY way to become a perfect auditor. Interns gain the certainty that they can handle any case and session situation. You will audit right alongside Flag's technical team, and your auditing will be perfected and polished.

### Cramming

Throughout your FLAG internship, any flubs will be handled by the FLAG Cramming Section. FLAG Cramming Officers are the world's top experts in finding and handling the right why for the error – and they get it handled, using ALL the tools of cramming. FLAG interns in Cramming get extremely personalized, 100% standard tech service, which gets their own certainty IN.

*The world's finest auditors are made here in the FLAG internships*

### Top C/Sing

Expert FLAG C/Ses provide programs that are spot-on for the pcs and result in cracked cases for the intern – all part of the standards of interning at Flag – the mecca for those who seek technical perfection.

### Video Critiques

Your sessions will be video taped and critiqued by Flag's highly trained Supervisors, with your final pass coming from Flag's Class XII Senior Case Supervisor.

The FLAG internship is tough and standard. And when you graduate, you will know with complete certainty that you've made the grade – a 100% standard, totally flubless FLAG interned auditor – or C/S, Word Clearer, Supervisor or Cramming Officer.

### What FLAG interns are saying:

*"At Flag I did my entire training Bridge up to interned Class V Graduate Auditor in thirteen months. Before that, the only course I had done was the Student Hat. Flag training and especially the internships put me in command of every one of my dynamics." S. G.*

### Destination: OT

Every SCIENTOLOGIST needs to train and intern to really make it to full OT.

As Ron says in HCOB 27 Dec. 1980, *"The plain truth of it is, if anybody is going to make it to OT he has to know how to audit. That's the long and short of it."*

To really know how to audit, you need to do an internship. To become one of the top auditors on the planet, you need to do your internship at Flag.

# Flag Admin Training

## *The Technology of the Third Dynamic*

*"I count on you - the individual Scientologist - to take up the challenge, to put standard Scientology administrative policy to work, and to WIN. You can, you know. And the victory will be not only for you but for Scientology and for all mankind."*

**L. Ron Hubbard**

*HCO PL 10 July 86 Keeping Admin Working*

**F**lag is also the top administrative training org, delivering LRH's vital technology to run organizations and groups. Flag delivers the full range of administrative courses, including two Flag-only courses which provide the top administrative training available on the planet - the FLAG Executive Briefing Course and the Executive Data Series Evaluator's Course.

Flag's admin courses are always well attended, with hundreds of SCIENTOLOGISTS coming to train on this technology from all over the world.

L. Ron Hubbard developed the technology of organization and management for use in SCIENTOLOGY organizations. Here are the keys to build sane, productive and ethical organizations. Man did not really know the principles of organization and management any more than he knew what made his mind work before *Dianetics* was published.

LRH's admin courses are for anyone. This technology is the key to greater production, stable expansion and a sane working environment.

Basic LRH admin courses teach the executive or professional the expert use of his *tools* - the Admin Scale, plans, programs, projects, orders, reports, command lines, communication lines, org boards, hats and hatting, dispatches, statistics, conditions formulas and much more.

## **Organization Executive Course**

The Organization Executive Course is the *Saint Hill Briefing Course* of admin. It contains the policies and taped lectures on the subjects of personnel, communications, ethics and justice, dissemination, sales, accounting, service, production,

*SCIENTOLOGISTS come to Flag for fast and 100% standard administrative training.*

training personnel, quality and correction of the product, distribution and executive actions.

You study the eight divisional volumes of the Org Exec Course, demonstrate and drill the principles, so you gain a command of the data and are able to use it daily. You also listen to many taped lectures by LRH on the subjects of administration, dissemination, ethics, and more.

*"I completed my full Org Exec Course at Flag. I'm enjoying life so much because I'm producing valuable products every day. Statistics started to boom when I returned from Flag admin training. It was like magic!"*

*"LRH admin tech gives you the tech on understanding groups, how to run them, correct them and boom them. It is very OT, and actually simple."*

*"The bottom line is that we have a planet to Clear. LRH gave us the tech. Flag delivers the tech standardly. And the admin tech works. I know; I've been able to change more people's lives for the better since I've done my Flag OEC training." R.W.*

## Flag Executive Briefing Course

The FEBC is the *Class VIII Course* for admin. It is delivered only at Flag for SCIENTOLOGISTS who are not on staff.

Built around the Management Series Volumes and the famous FEBC and Establishment Officer lectures, this powerful course contains the expertise to make a top executive. On the OEC<sup>®</sup>, you learn all about organizations. On the FEBC, you learn how to "play the piano" – how to put everything you've learned into practice, and in what sequence.

The management system which Ron lays out on this course is the most advanced and powerful ever developed, and properly implemented, puts any organization

on a rocket ride of expansion.

Subjects include how and when to organize, the effective procurement and control of personnel, LRH's definition of an executive and exactly what he or she does, how to establish an organization and what that means exactly, strategic use of finance, public relations and marketing for expansion, and much more.

## Flag Evaluator Courses

*"The ability to evaluate puts one at cause over both the mad and ideal. It places a being at a height it is unlikely he has ever before enjoyed in the realm of commanding the situations of life."*

*"Evaluation is a new way to think."*

*"It is very worthwhile to acquire such an ability as it is doubtful if it ever before has been achieved."*

**L. Ron Hubbard**  
*from The Data Series*

Your survival depends upon your ability to think. Yet how can one think when bombarded daily with false data, aberration and illogic from the daily newspaper, business reports, governments, advice from friends and "experts," and a thousand other sources.

There is an LRH technology, contained in the Data Series, on how to evaluate and think, using the illogic and insanity around you to discover what is logical and sane. Here is how to get right answers, even if the data you were given is wrong! LRH says, *"It may come as a surprise or no surprise at all that the ability to evaluate as given in this Data Series is not necessarily native to a being."*

Flag offers two courses on evaluation; one basic, and one advanced.

The first is the Elementary Data Series Evaluator's Course, and the

*Flag's Training Building is just a block from the Fort Harrison.*

prerequisites for this are STUDENT HAT<sup>®</sup> and METHOD ONE<sup>®</sup>. This course provides the keys to how to think and evaluate data so you get to the real reason behind any situation and can handle it.

The HUBBARD Executive Data Series Evaluator's Course is a far more in-depth and thorough course and the prerequisites are the OEC and the FEBC. This course is the highest executive training on this planet and is available only at Flag. This data will put you at cause over the insanity of this civilization. You will be able to see right through the lies and aberration and get to the truth of any situation. You can't fool a FLAG trained evaluator!

You need to get your admin training at Flag to become a true OT executive.

# The Creation of a New Civilization

Flag is a vital center of international SCIENTOLOGY activity, spearheading planetary dissemination all over the world. From the first moment you arrive at Flag, you'll feel the excitement of connecting up with the most pro-survival activities on the planet.

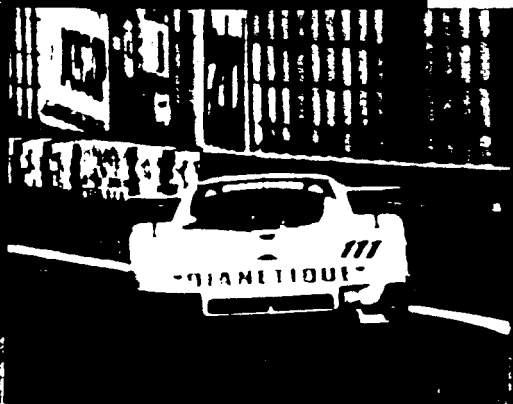

Flag has a key role in the international expansion of SCIENTOLOGY. For many years now, it has been spearheading the purpose of planetary dissemination. Flag's planetary dissemination campaigns are far reaching, often into some of the most oppressed corners of the planet, where they light the first torch of freedom and spread the seeds of a new civilization.

This is a hat that LRH gave to Flag in 1982, when he wrote, "*Being at the top point of the Bridge, as the FSO is at this time, carries with it*

*vast prestige and privileges. But it also carries with it the heavy responsibility of ensuring and even forcing all lower echelons to flow public up the Bridge.*"

L. Ron Hubbard HCO PL 29 Dec. 1982R

In more than thirty countries, millions upon millions of new people have now been introduced to LRH, DIANETICS and SCIENTOLOGY through the planetary dissemination campaigns for which Flag has provided support. A major step in planetary dissemination is to ensure that LRH's materials are made available in public and educational libraries throughout the world, so that when a person seeks more information on DIANETICS or SCIENTOLOGY, it is there. In the last year alone, more than 250,000 LRH books have been distributed to libraries in twenty-eight countries around the world.

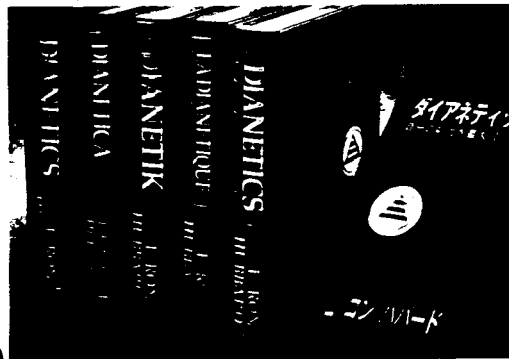

Flag's planetary dissemination campaigns have made possible the Dianetics support of international sporting events such as the Goodwill Games (above) and the promotion of Dianetics by the winning car in the Le Mans race (left).

*Dianetics: The Modern Science of Mental Health* has been made into beautiful leatherbound editions, now available in English, German, French, Italian, Spanish, Japanese and Russian. These aesthetic books help forward planetary dissemination campaigns and projects supervised by International Management. Each time you purchase an International *Dianetics* leatherbound edition, a portion of your contribution goes directly towards the expansion of DIANETICS and SCIENTOLOGY through broad dissemination activities.

*An Introduction to Scientology*, the sixty minute full-color video is being used as a powerful dissemination tool. This video has been specially packaged and is being put into the hands of world leaders, celebrities and others. To date, tens of thousands of *An Introduction to Scientology* videos have been distributed to opinion leaders and VIPs in Russia, Hungary, Rumania, Albania, Czechoslovakia and in numerous other pioneer areas.

When you donate for services at Flag, you are not only progressing up your own Bridge to freedom, you are also helping to support and expand SCIENTOLOGY internationally, on all fronts. Do not underestimate the effect that you can create by your personal contribution. Your support of these campaigns is what makes it possible to continue to reach new people planetwide and help them to take their first step on THE BRIDGE to Total Freedom. Contact the Bookstore Officer at Flag to find out about the current expansion projects and how you can contribute.

*(Top) What Is Scientology?* contains the most complete description of the SCIENTOLOGY religion. Public who discover this book in libraries contact their nearest org to become SCIENTOLOGISTS themselves.

*(Above) Translated leatherbound books like these help to energize dissemination campaigns in pioneer areas around the world.*

# All Roads Lead to Flag

**S**CIEN TOLOGISTS from around the world arrive at Flag to get on and through their next step on their Destination: OT. They also come to Flag to connect up and be part of the latest developments in the international expansion of SCIENTOLOGY. Amid the bustling activity, energy and communication at Flag, you can count on being part of what will mark future history books. Whatever is happening in the world of SCIENTOLOGY generally happens first at Flag.

Many international televised events are held at Flag's main auditorium. Here, thousands of SCIENTOLOGISTS gather to join in the excitement and get the latest briefing on expansion news and wins and the most recent releases.

Many of these International Management events are followed by exciting workshops or seminars where SCIENTOLOGISTS hone their skills in the application of SCIENTOLOGY tech, often led by representatives from International Management.

Flag regularly hosts big international conventions like the SCIENTOLOGY Missions International Convention, the Senior C/S Conference, special WISE® Member Conventions, such as the Chiropractic Health Care Conference, and many others. At these conferences, SCIENTOLOGISTS connect up and plan further expansion by using LRH tech in their field.

The annual International Association of Scientologists dinner dance is a very special occasion at Flag. At this elegant event, the members of the IAS get briefed by Senior International Management executives on vital data they need to know.

And Christmas at Flag is always a special time. This is celebrated with a whole month of activities which include entertainment, sumptuous meals, visits by Santa, world-class entertainment, special excursions, parades and fireworks. This culminates in the famous Flag Grand Christmas Banquet and

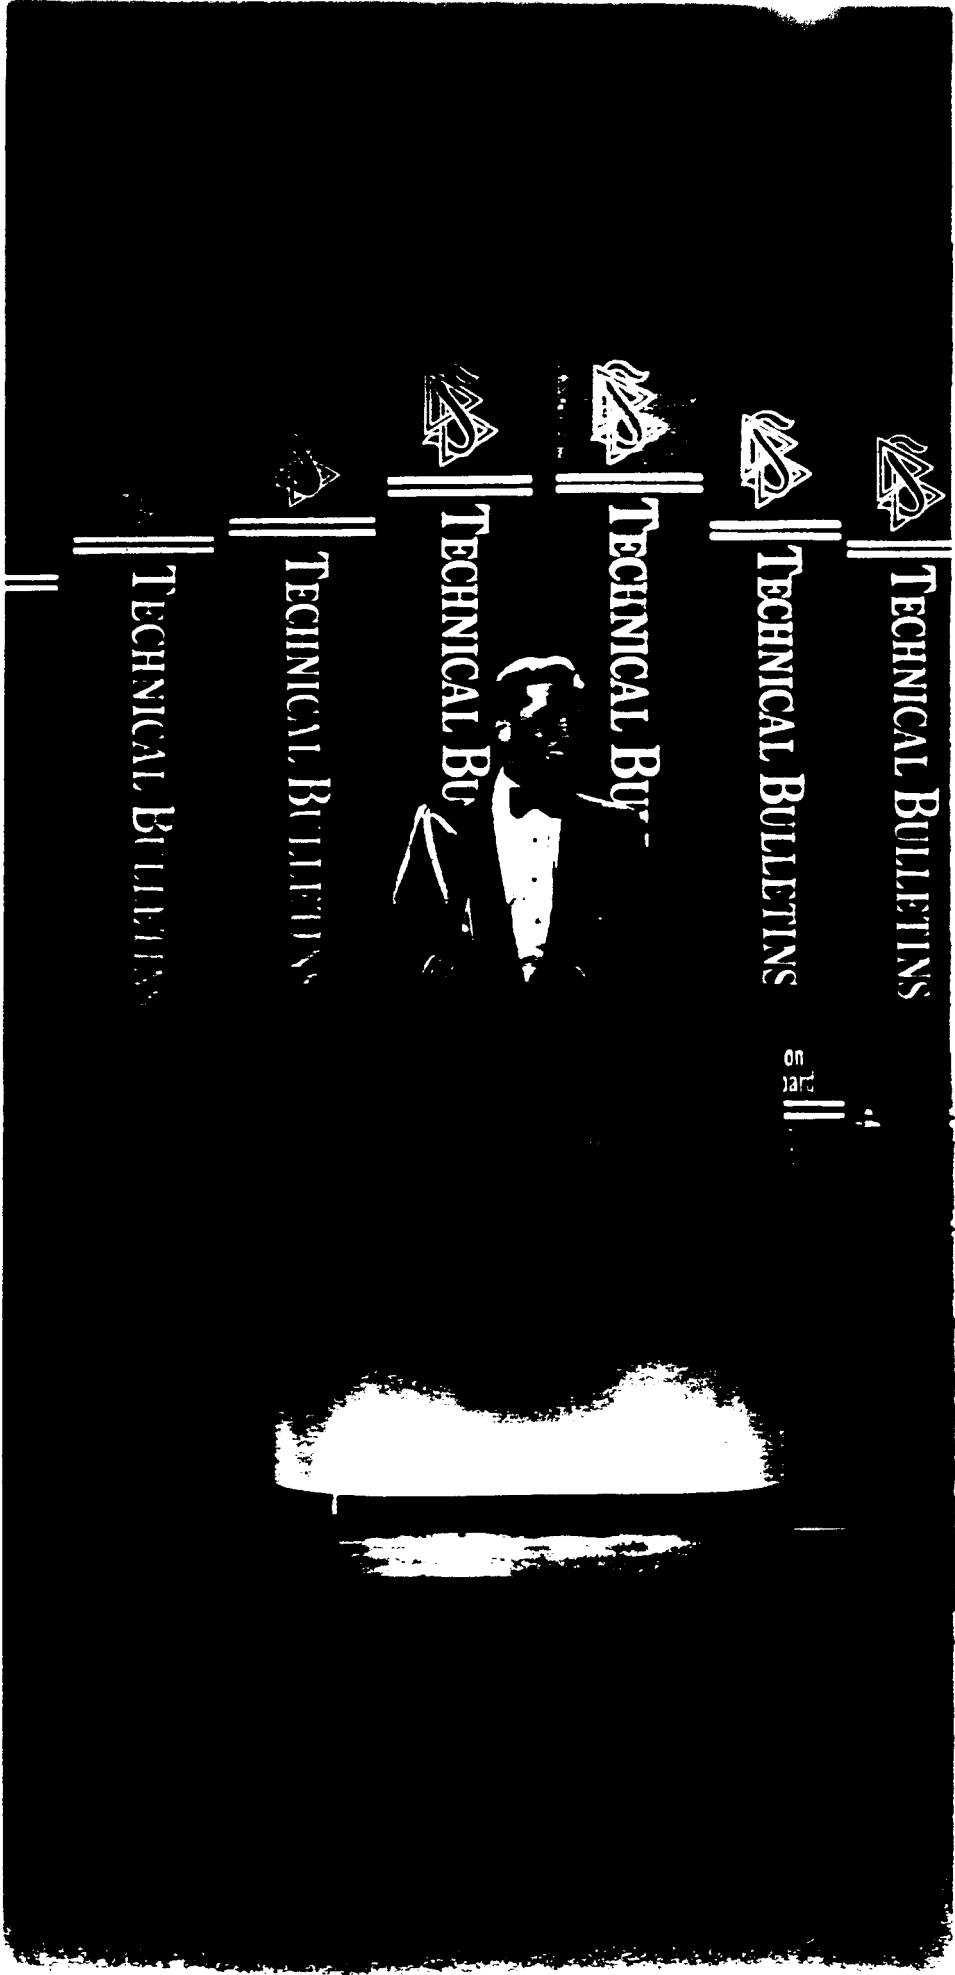

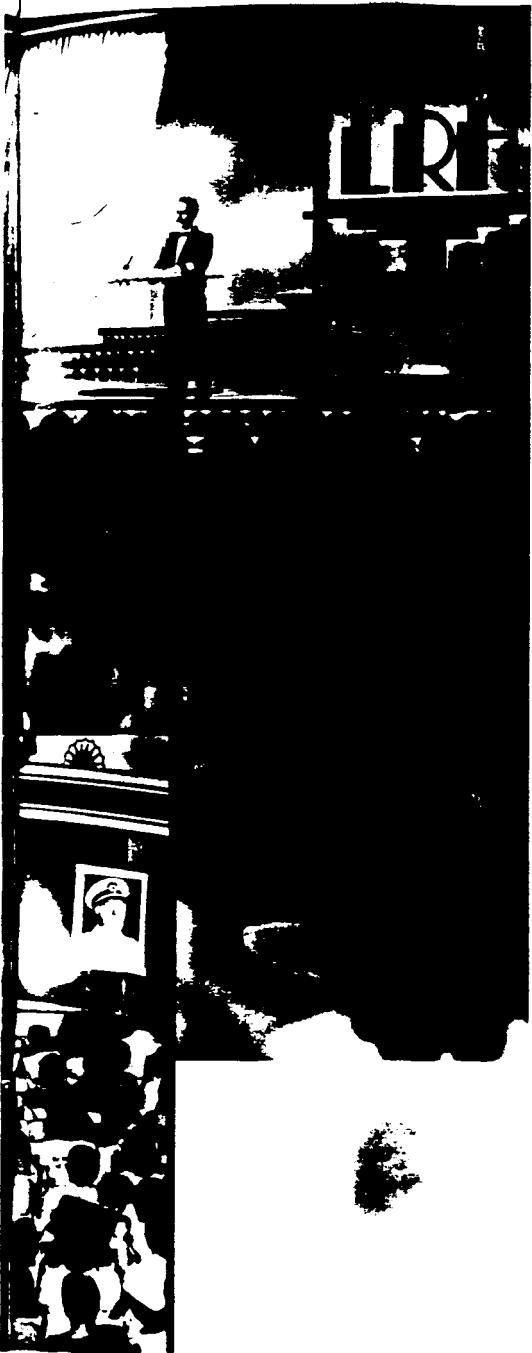

Show, a lavish banquet served to 1,200 people in the FLAG Auditorium and the Grand Ballroom, followed by a spectacular show, featuring the hottest SCIENTOLOGY stars.

Flag is also the perfect setting for your own events and celebrations. The Crystal Ballroom is the favorite venue for SCIENTOLOGY weddings due to its extraordinary beauty and elegance. Flag makes the weddings even more beautiful with floral arrangements, decor and full catering.

Whatever time of the year you come to Flag, there's always something happening! Share in the excitement as you travel to OT at Flag.

*International televised events and special conventions are held at Flag throughout the year, featuring briefings by top SCIENTOLOGY executives and the latest expansion news and technical releases.*

## *Super Power™ Rundown Expansion Plans*

**I**n 1978, LRH made an advance that he called the biggest breakthrough technically for that year. This was SUPER POWER. In RJ 30 he described SUPER POWER as:

*"A super fantastic, but confidential*

*series of rundowns that can be done on anyone... This is the means that puts Scientologists into a new realm of ability enabling them to create the New World. It puts world clearing within reach in the future."*

Auditors were pulled in from around the world to train on this, but LRH discovered that due to the sabotage of education on this planet, undercuts were needed in their training. The undercuts especially designed then to

handle this were KEY TO LIFE and the LIFE ORIENTATION Course. Today these are both prerequisites for SUPER POWER.

Currently SUPER POWER is restricted to high-level Sea Org members on the cutting edge of planetary clearing. The successes of these staff members, including New OT VIII's and seasoned auditors, are nothing short of phenomenal. One auditor who received SUPER POWER had this to say:

*"For as long as I can remember I always had thoughts about how good it would be to be somewhere else. This was usually preceded by something happening in present time that I didn't 100% want to get involved with.*

*"For the three days that I was on this rundown, my universe did more 180-degree turns, dips and rises than you would experience in an implant station under a meteorite storm. Then all of a sudden the penny dropped and all was quite crystal clear. For thousands of miles around me. I had moved out of thinkingness up to lookingness on the Know to Mystery Scale. I am completely aware of myself as a being independent of the body and past experiences. I am using theta perceptions I never dreamed I had. I don't 'think' anymore. I mean it's actually an effort to go back down into that level again.*

*"I see now that my future is what I make it and it surely does look like a very bright*

**The Tech Delivery Building for the FSO and the release of Super Power will be achieved through the coordinated effort of SCIENTOLOGISTS.**

*one indeed. I have been in SCIENTOLOGY sixteen years and have done New OT V and am a Class IX Auditor with 25,000 hours of auditing experience under my belt and I've NEVER experienced case gain like this.*

*"This rundown will change the conditions on this planet and make a golden age on Earth second to none. It truly deserves the name of SUPER POWER! My undying and eternal gratitude to our greatest friend of all time. L. Ron Hubbard." J.S.*

Flag is currently gearing up to deliver this incredible service, and construction on the building pictured at left, to house SUPER POWER will begin shortly. Flag will be the only place on the planet delivering this service to public SCIENTOLOGISTS.

This new building, to be constructed right opposite the Fort Harrison, will be huge: six stories high and 168,000 square feet in area, with thirteen HGCs, over 175 auditing rooms, and nineteen separate course rooms which will hold up to 650 students.

With SUPER POWER, Flag leads the way toward the twenty-first century and total freedom on this planet.

If you have any further questions on the new FLAG Delivery Building or SUPER POWER, contact the SUPER POWER Expansion Project at the Flag Land Base. Phone Number: (813) 445-4340.

*"You could liken different qualities of auditing to differences in skill in guitar playing. One guy can accompany with chords with occasional flubs, another guy can play a whole guitar concerto solo.*

*"The quality of teaching is an enormous factor in learning to audit. Auditing intern candidates find this out when they arrive on Flag."*

- L. Ron Hubbard, Founder 1972

WHY ARE FLAG AUDITORS THE BEST IN THE WORLD?

**RESULTS.**

On the FLAG Internship you will audit and intern under the best, toughest supervisors and C/Ses on the planet. Nothing less will be expected of you than total PERFECTION. You

will apply 100% STANDARD TECH to get RESULTS.

It takes the highest standards of technical application and a safe environment to pilot a new course or auditing action. Early on, aboard the Flagship *Apollo*, Ron groomed up a corps of razor-sharp auditors, C/Ses, course supervisors and intern supervisors, the FLAG Tech team!

Today at the FLAG LAND BASE™, the same high standards that produce the famous FLAG auditors - including the Class Xs, XIs and XIIs who deliver the powerful L Rundowns - are applied to all students and interns at Flag!

A number of Flag's present top technical (and key administrative) staff worked under Ron on the ship as part of the original FLAG tech team. These tech experts closely oversee the training and ensure FLAG standards are maintained.

An internship is a step you take after you have learned *how* to audit. On an internship you AUDIT!

A FLAG course or internship may not be *easy*, but you can be certain it will be *100% standard*, and you'll graduate knowing and being able to apply Ron's tech for expected miracle results!

If you are willing to accept this challenge and apply yourself fully to attaining Flag's high level of technical perfection, then you can become a flawless top level auditor - among the best on the planet.

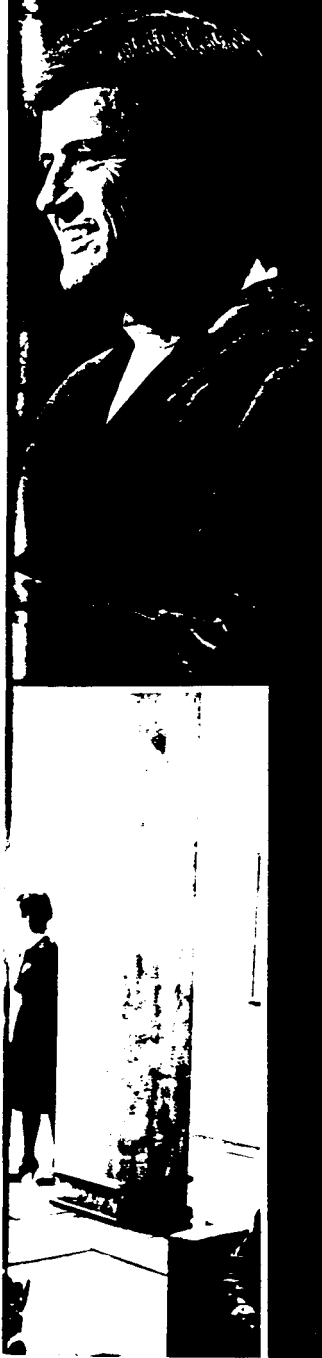

Do a FLAG Internship!

All internships are available at Flag.

*"It would take a film or live demonstration to communicate a high standard of performance in a purely action subject. **L**RH developed several special rundowns, such as the famous L Rundowns, which are delivered only at Flag® retreat by the world's best auditors. And now, in addition to the Ls, there are *eight* more Flag-only rundowns, called collectively the Case Resolution Rundowns!

**Case Cracker Rundown -  
New Vitality Rundown®  
Int by Dynamics Rundown  
Knowledge Rundown -  
Fixated Person Rundown  
Prosperity Rundown  
Dynamic Sort-Out Assessment  
Profession Intensive**

L RH constructed these rundowns to handle unique case conditions that other rundowns and handlings don't address. For example, if you aren't as prosperous as you want to be, do the new Flag-only Prosperity Rundown! If you want to be more successful in your chosen career, do the new Flag-only Profession Rundown! If you want to take the lid off your ability to *know everything*, do the new Flag-only Knowledge Rundown!

**T**hese eight new RESULT-making rundowns are a bolt of inspiration from Ron. Flag is now standing by with a battalion of top auditors ready to take you in session at a moment's notice. Pick the rundowns you are interested in, the Flag C/S will get your folders programmed and you can get going immediately!

**N**o matter what you want to handle in your life, you can have certainty that it can and will be fully handled at Flag. Flag has auditors and C/Ses who know exactly what has to be run and are able to deliver pure 100% standard tech every session.

**W**ith the exception of the New Vitality Rundown, which is only available to *preclears* (not Clears or pre-OTs), the remaining rundowns **can be had by** any Flag-qualified public, whether ~~preclears~~, Clears or pre-OTs. However, it remains the C/S's job to **put** the rundown on the person's program in the proper place.

**T**he registrar can tell you more about these rundowns and will sell you enough *hours*, per your Technical Estimate, for you to receive the rundown plus any other auditing you need per your program. The registrar may only sell *hours*, not an individual rundown. (Reference, HCO™ Bulletin of 12 Nov 81RD, GRADE CHART STREAMLINED FOR LOWER GRADES)

# THE FLAG-ONLY NEW VITALITY RUNDOWN

pastoral counselling addressing suppression

In October 1975, Ron trained a select team of Flag auditors to pilot a new rundown, known only at that time as the "Special Rundown". Ron case supervised the folders of the preclears himself and gave intensive lectures to the auditors. It proved to be 100% successful and produced phenomenal results.

Today it's called the New Vitality Rundown! It's now available only at Flag® retreat and **only to preclears**. NOT Clears or pre-OTs, as it **contains powerful New Era Dianetics® auditing!**

The rundown handles the area of beingness and susceptibility to personal instability. This is auditing of astounding directness and power. It zeroes in to locate and handle those factors which make a person less himself.

It can make you free to enjoy life fully as yourself, in present time. It gives a remarkable resurgence and recovery of one's own basic beingness. One becomes truly stable, much more able to hold a position in space.

This rundown is completely tailored to the individual. It is put together so it handles very basic outnesses for *you!*

## SUCCESS!

"This rundown was absolutely incredible. It covered every area I could think of and blew *all* the mass off. I feel like I don't have a case any more."—R.E.

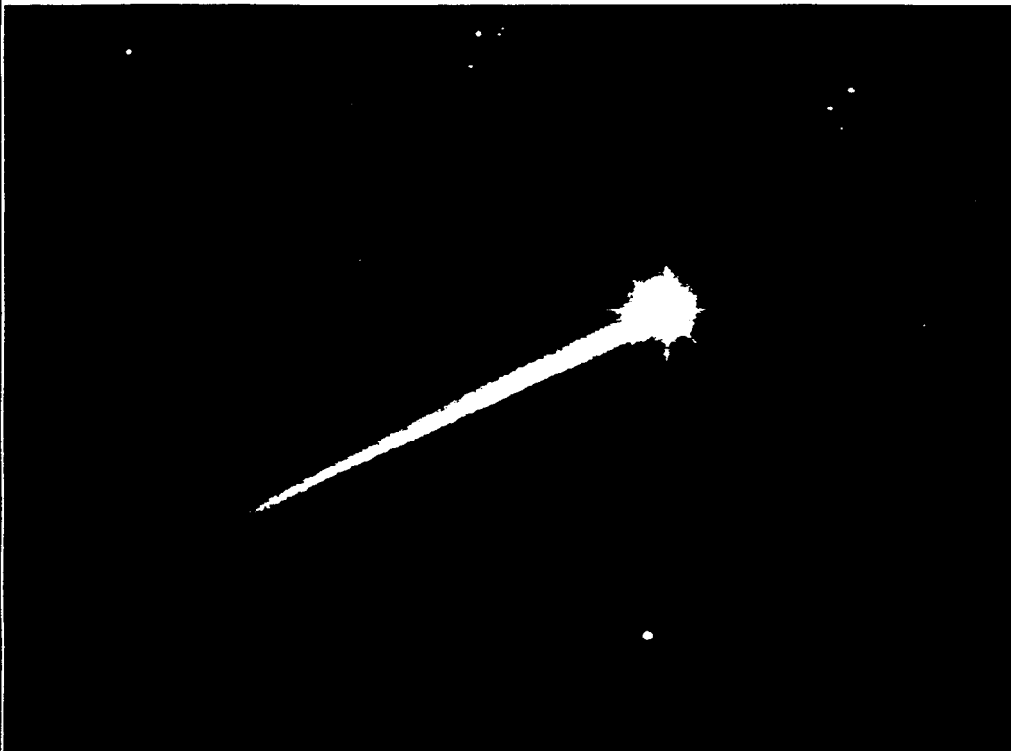

"I have just ended cycle on not being myself! I can now operate with my feet on the ground! I really see who I am and I am now free of past dramatizations I was using to reactively operate by on the first dynamic. I blew a chunk of aberration I had thought was me. I am very grateful to Ron for this new rundown!"—C.P.

"I feel happier and more stable! Further auditing seemed for so long to be something out of my reach. I'm ready to attack the grade chart full guns! I am so much more positive, so much more me! Existence is a pleasure rather than a chore."—Y.B.

"My attention units certainly have been unfixed and I am able to act exterior from the environment and past upsets and problems. Truly a powerful action!"—L.R.

# THE FLAG-ONLY INT BY DYNAMICS RUNDOWN

**T**he phenomena of out-Int can manifest itself on any dynamic.

**T**his sort of condition can create havoc for a person. It can make him withdraw from the 4th to the 3rd to the 2nd and even a withdrawal from the 1st. It can even make him or her into a stay-at-home recluse! Someone could get "stuck" at home or at their office or become withdrawn from the world.

**N**ow there is a powerful rundown which handles this special case where a pre-clear or pre-OT is found to have out-Int on a particular dynamic or on many dynamics! It's called the Int by Dynamics Rundown and is available *only* at Flag retreat, home of the most precise auditors in the world.

**P**eople who have received this new rundown have said they felt freed-up as a being, more free and stable and they were able to handle any withdrawal from one or more dynamics.

**T**his rundown includes a special optional procedure for those who are stuck in a dwelling or other structure.

**A**fter the rundown, the pre-clear or pre-OT will no longer have any concern or trouble with the subject of exteriorization or interiorization on any dynamic.

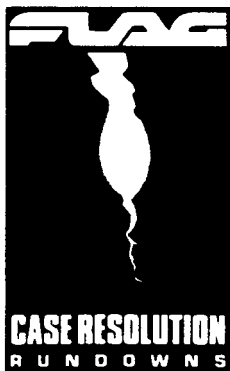

**T**he Int by Dynamics Rundown does not supplant other Int handlings nor does it replace their correction when needed. However, this condition of being out-Int on some other dynamic can explain the situation of a pre-clear or pre-OT who, despite having had Int correctly addressed earlier, still experiences out-Int phenomena.

**T**he rundown is available to all preclears and pre-OTs, however it would not be given to anyone in the No-Interference Zone.

**T**he Int by Dynamics Rundown is the answer to out-Int phenomena that persists in relationship to a specific dynamic. The results are spectacular to say the least! A person who is stuck in a particular structure can blow the condition entirely and gain the ability to live on all dynamics!

**Get freed up as a being!**

# THE FLAG-ONLY KNOWLEDGE RUNDOWN

**H**ave you ever reacted resentfully to someone who expected you to "know everything"? **E**veryone knows you can't know *everything!* Or can you?

**T**he unprecedented Knowledge Rundown—available only at **Flag** retreat—handles misemotion associated with the prospect of *knowing everything!*

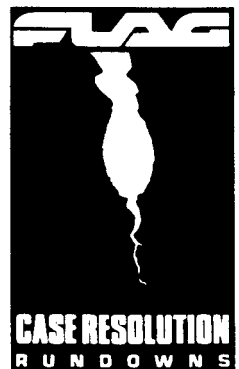

**B**elieve it or not, after this incredible rundown, a person will have come out of any hostility he may have had toward knowing everything and will have a willingness to know things!

**T**he results from this rundown are spectacular and make the individual far more valuable to himself and others.

**T**he full Knowledge Rundown consists of six steps. Executives and businessmen who do this rundown can crack inefficiency in an organization and make their business prosper.

**T**he rundown may be delivered anywhere on the Grade Chart, to a pre-clear or a pre-OT of any case level, providing he's not in the middle of another incomplete action. However, the Vital Information Rundown (delivered at Scientology Churches and Missions per the Grade Chart) must be done first if not already done. Of course, the Knowledge Rundown cannot be delivered to anyone in the No-Interference Zone.

**Handle case that blocks you from knowing everything! Do the Flag-only Knowledge Rundown!**

# THE FLAG-ONLY FIXATED PERSON RUNDOWN

It's possible for someone's attention to get fixated or stuck on another person.

**W**hen it happens, the person can't pry his attention free and is forced to keep on thinking about the other person, all the time. It can be distracting or even make one miserable. Due to this case situation, someone could have a hard time thinking, talking, listening and LIVING!

**H**aving your attention stuck on someone else can block your enjoyment of life, disrupt your job performance—especially if the person on whom your attention is fixated is there in your office! It can even *prevent you from achieving the gains of other auditing* and this fact may not have been widely realized before!

The brand-new Flag-only *Fixated Person Rundown* handles this condition and can dissolve the bonds sticking your attention on somebody else. It can thus give you certainty that your case can and will be handled.

It doesn't matter whether it's a parent or relative, a friend, a neighbor, a rival, a member of the opposite sex, or anyone else, the Fixated Person Rundown enables one to overcome the condition of having his attention glued on another person.

**Free up fixated attention!**

# THE FLAG-ONLY PROSPERITY RUNDOWN

**M**any people who aren't prosperous are that way because of *mental charge* on the subject! This sort of case problem can seriously blunt someone's survival potential, not only for himself, but also for his 2nd and 3rd dynamics!

**A** man or a woman can live their entire life, troubled and under stress due to this type of unhandled charge. For some it can make them miserable and no doubt has created disaster for some marriages. This is most factually *case* situation and not a financial problem.

**A** collection of auditing processes now exist called the Prosperity Rundown, only available at Flag retreat. This rundown addresses the *case* barriers a preclear has that block his prosperity and can help free him from these with swift and remarkable results!

**T**his rundown can remove the case factors blocking the attainment of prosperity. A husband, for example, would be more able to provide for his family and acquire necessities for life. For people such as salesmen, it can blow open whole new levels of freedom for them and give them far more control over their job responsibilities and performance.

**T**he Prosperity Rundown **can** make a person more productive and produces in him a willingness to "have" the rewards of his own production and to let his business, company or organization prosper.

**T**he Prosperity Rundown may be received by any level of case providing the person is not in the middle of another auditing action. A pre-OT who is in the No-Interference Area may never be interrupted to be given this rundown.

**Blow the case blocking prosperity across the dynamics!  
Do the Flag-only Prosperity Rundown!**

# THE FLAG-ONLY DYNAMIC SORT-OUT ASSESSMENT

This rundown selectively seeks out and handles the highly specific things across a person's dynamics which are causing him to be restimulated, then audits them out! This could be various factors such as the fear of losing someone, an insecurity about marriage, suppressed sexual desire or inhibition, a past betrayal

by a group, charge over a degraded person, a bad experience with an animal, charge on MEST, on spirituality or even an upset with a supreme being! These are just some examples and are by no means the limit of the rundown.

This new Flag-only rundown is called the Dynamic Sort-Out Assessment and it can work wonders on any case, since all cases are improved by getting charge off.

But it has another application too: the overly restimulated case.

How charged can a case get?

Well, it can get so severe that the case becomes like a fire storm, completely swamping the person. In such a case, the person may complain of not feeling good, may have body problems and be frequently upset by life in general. There's just too much charge.

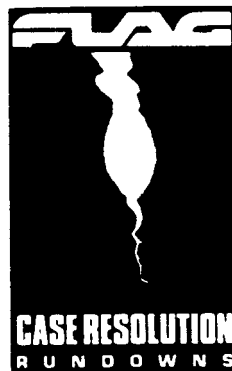

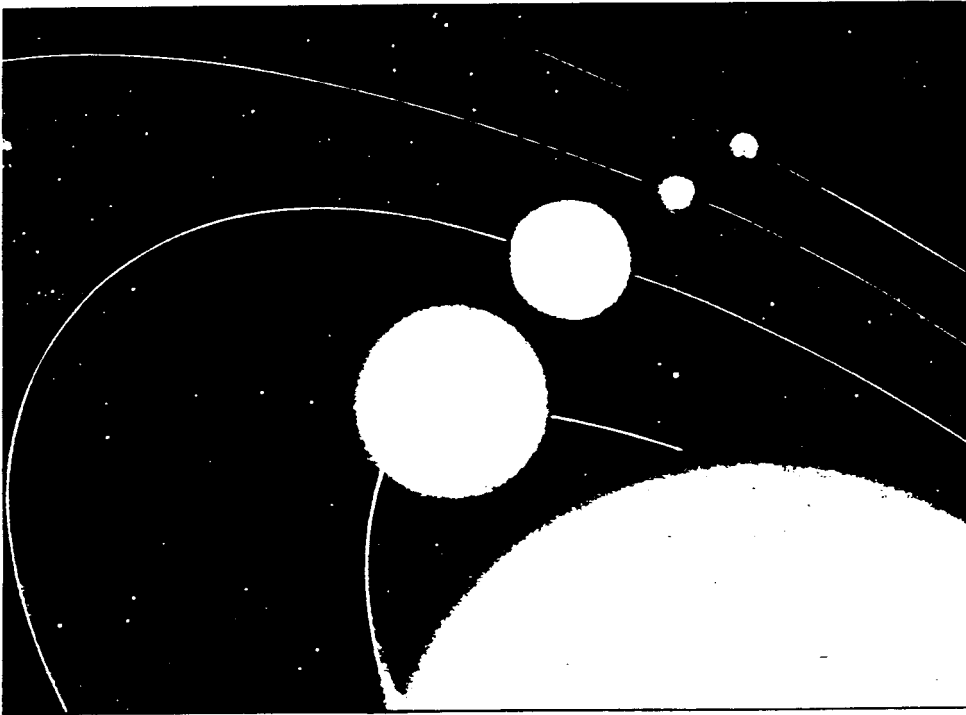

This rundown finds the exact entrance point into the case by locating and handling the precise dynamic where the trouble lies and the hidden source of the person's charge.

The person who finishes this rundown will have gotten the available charge off his dynamics and may experience other major changes as well, like an increase in his social personality or a valence shift! No doubt for the person who needs it, it will be the difference between life and death!

This rundown is available to anyone on the grade chart, provided they aren't mid an incomplete action or in the No-Interference Zone.
