URGENT-IMPORTANT: 75 million years ago Earth (then known as Teegeeach) was one of 90 planets in the Galactic Confederation, which was in its heyday of electronic implanting (brainwashing) under the rule of Xemu. It was an advanced society, similar to our own, except for the overpopulation problem. There were 200-500 billion people per planet, as compared to 5 billion on Earth today. Finally Xemu took drastic measures to resolve this problem for all time.

His action resulted in what is called "Incident Two." This planet was designated a place for executions. Beings were captured on other planets (and this one), injected with freezing Alcohol/Glycol mixture, transported to Earth in spaceships resembling DC 3's, and flown to locations near 10 or more volcanos.

H-bombs (far more powerful than any in existence today) were dropped on the volcanos, destroying the bodies of the beings, who as Thetans (spiritual beings) were stuck to electronics ribbons after the explosions and pulled down to be packaged into clusters. This packaging was done in two locations; one in Las Palmas, Canary Islands, the other in Hawaii. These Clusters of Thetans concluded they were one, resulting in the human computation "We are all one."

These Thetans without bodies were next subjected to a 36-day implant sequence involving Animals, Religion, Gods, Devils, Psychiatrists, Sex, Perversion, Spinning Dancers, Helicopters, Auto Accidents, Trains, The Crucifixion, Doctors dismembering bodies, and feelings of nausea.

The 36-day implant was designed to kill any being once he got into the incident again if he should recall the sequence—a phenomenon called "free-wheeling" will occur, which means a mental track movie will turn on that can't be turned off, and the victim will find himself unable to eat or sleep and will die of exhaustion or something like pneumonia before the 36 days have elapsed. A nasty incident, designed to be too horrible to ever escape from.

After Incident Two the Loyal Officers revolted against Xemu. He was imprisoned in an electronic fortress inside a mountain top (you can't kill a Thetan), where he may still be today. Rumor has it that he escaped recently. In the battle, the other planets were destroyed. Earth (Teegeeach) was a radioactive cinder. It was considered to be the end of this world.

Since that time beings born on this planet have had Clusters of Thetans attached to their bodies and in their spaces. These beings are call Body Thetans (B.T.'s). All those who got Incident Two on this planet clustered up and have been reincarnating here every since as compound beings with thousands or more B.T.'s and Clusters of B.T.'s attached to them, making them hear voices, get strange ideas and emotions not their own.

Because of the nuclear blasts and volcanos involved, this incident is referred to as The Wall of Fire. First mention of this is on page 75 of A History of Man, published 1952. "There are usually six or ten entirely different banks in any preclear beside his own."

If you paid thousands of dollars for this data, you got ripped off. (The current "donation" for this is \$8,900.00). The Science Fiction writer who made this story up said "The work was free—keep it so." But then again, in 1949, the same person said "Writing for a penny a word is ridiculous. If a man wants to make a million dollars, the best way would be to start his own religion."

This psychiatrist patient from Oak Knoll Military Hospital now has hundreds of millions of your dollars in his personal bank accounts in Lichtenstein, Luxembourg, and Switzerland. How did he do it?

In 1946 he was a member of the Ordo Templi Orientis, an Aleister Crowley Black Magic Cult in Pasadena, California, where, besides performing ritual abortions on his first two wives (yes, he was a bigamist), he hypnotized himself with affirmations such as "Men are my Slaves." Do you have any brainwashed friends?

HEY CHARLIE MANSON, congratulations on graduating the Hubbard Qualified Scientologist course in 1967. Please stop by to pick up your Certificate. What have you been up to? —ARC, Letter Reg.

ATTENTION DUPES: Brainwashed cult members on the "Burn Squad" collected and burned 500 copies of the June 7, 1985 Reader because it contained confidential and derogatory information about El Ron's money machine. So try not to puke next time Heber speaks of Constitutional freedoms, the Bill of Rights, etc. His role model is Joseph Goebbels, the Nazi Minister of Propaganda.

MANY SCIENTOLOGISTS do realize St. Elron controls their personal liberties, property, money, votes, talents, and opinions. But they're too love-starved and mindfucked to care. Keep up the expose! —Gurgie.

DEAR CONCERNED, Heber, David Miscarriage, Starkey, Shirley, and the rest of you Bozos: You are all BT's (or "fless" if you will) of your slave-master El Ron. Therefore, as per the Solo Nots commands, I ask you—"Who are you?" and "What are you?" Stop whining and be grateful. I just saved you \$24,000. Love, Xenu.

L. RON HUBBARD/went the the cupboard/to get his poor dog a bone/when he got there/the cupboard was bare/so he sold the dog a Dianetics book instead! —Ms. Dubious.

ADVANCED LEVELS OT3-OT7 are methods of exorcising demon spirits (Body Thetans). Hubbard "borrowed" these concepts from demonology, Aleister Crowley, and other cults. The material in "Excalibur" is plagiarized.
