

BODY THETANS & YOU

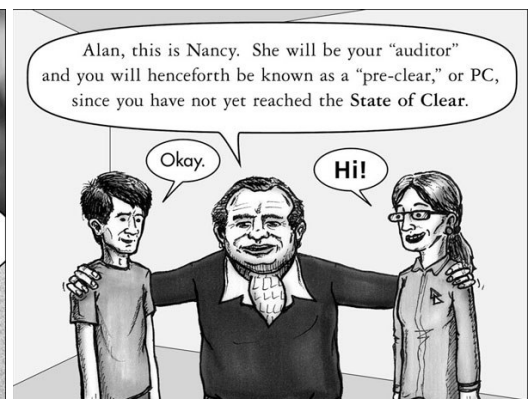

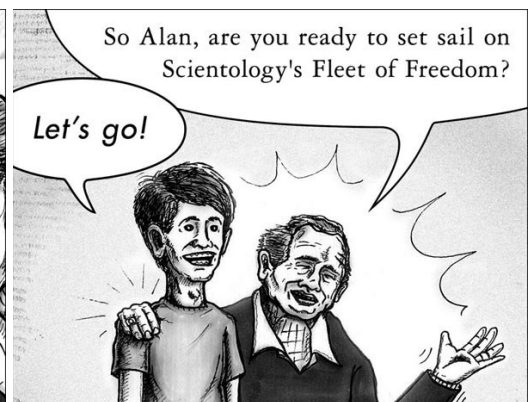

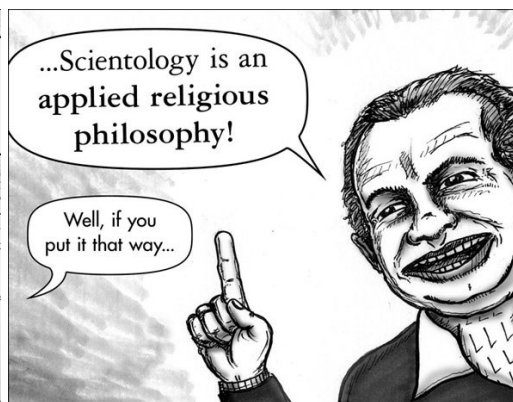

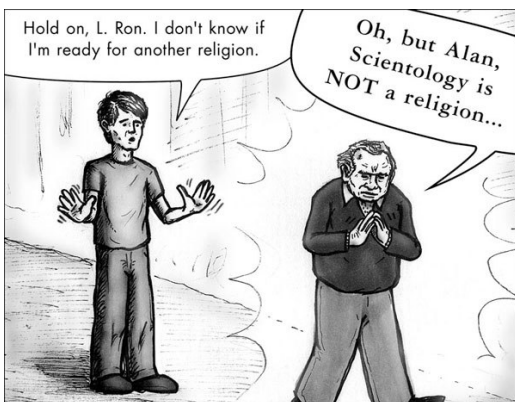

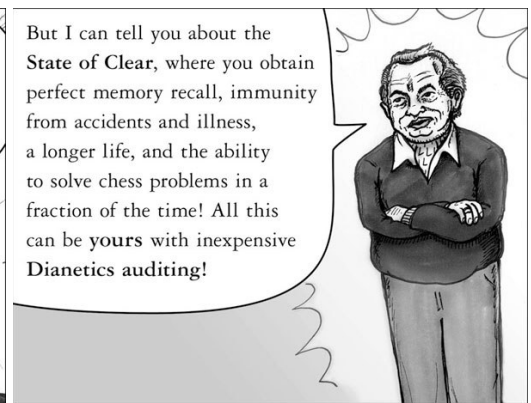

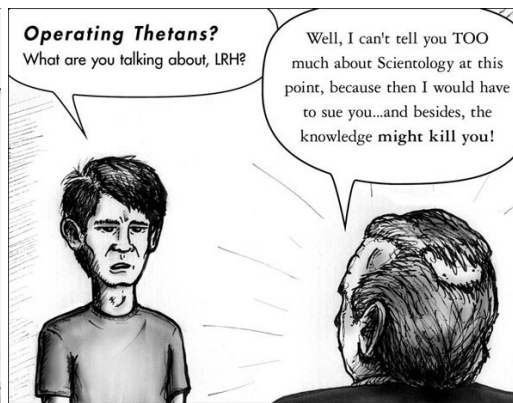

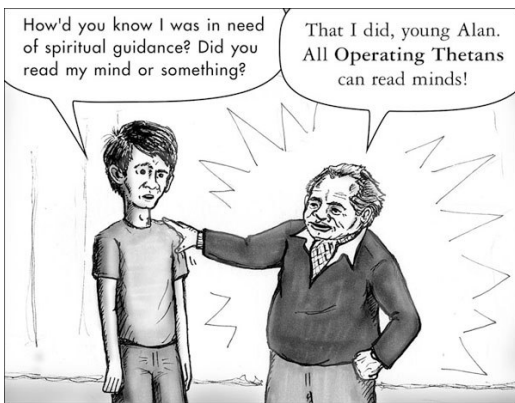

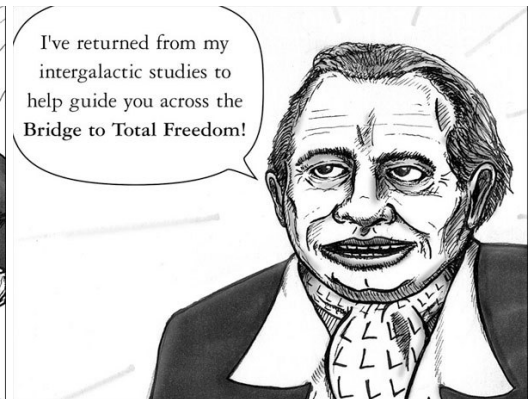

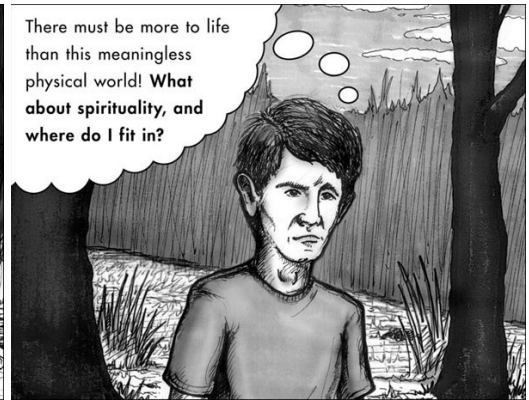

AN ILLUSTRATED
AUDITING ADVENTURE

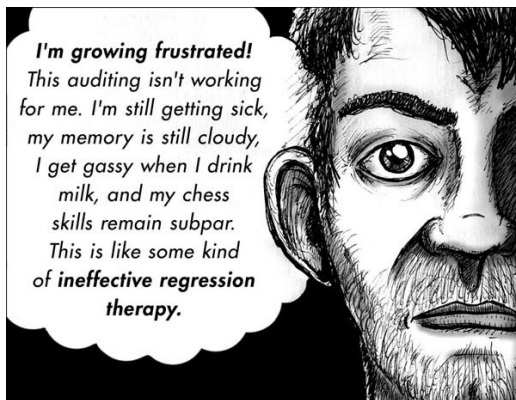

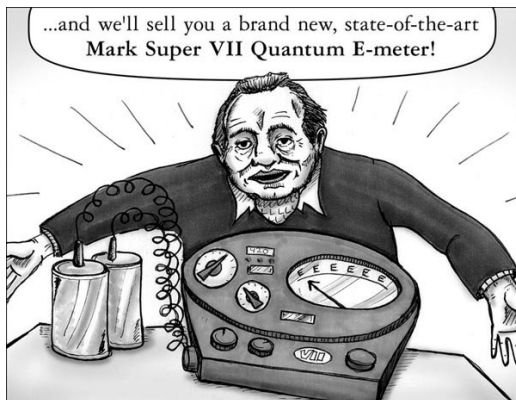

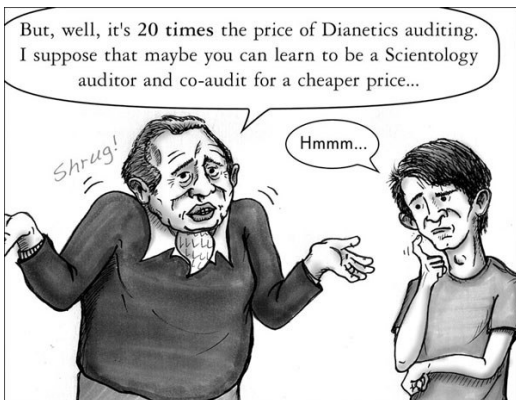

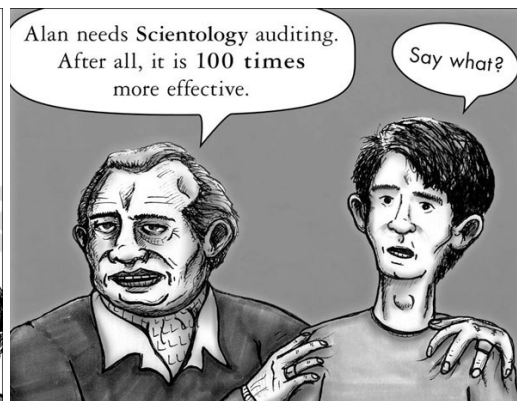

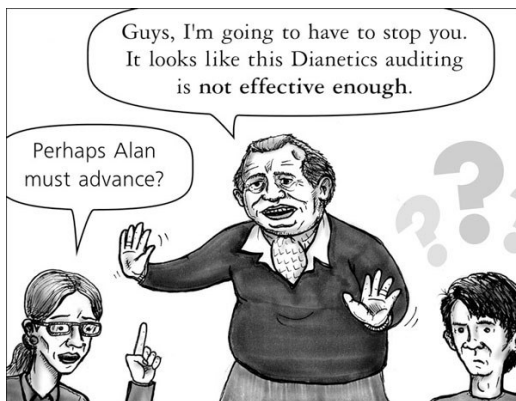

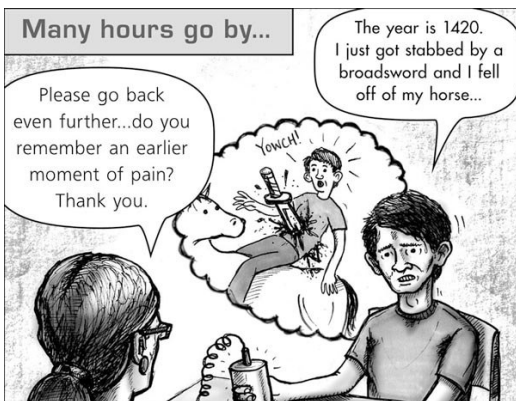

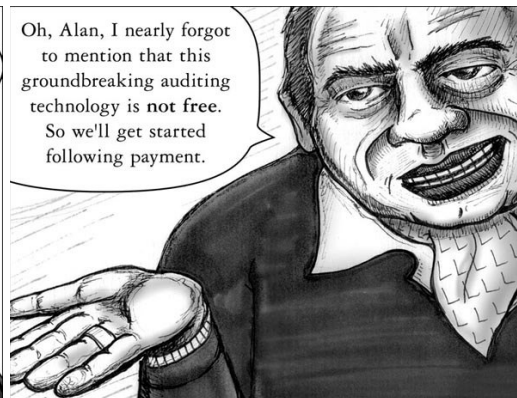

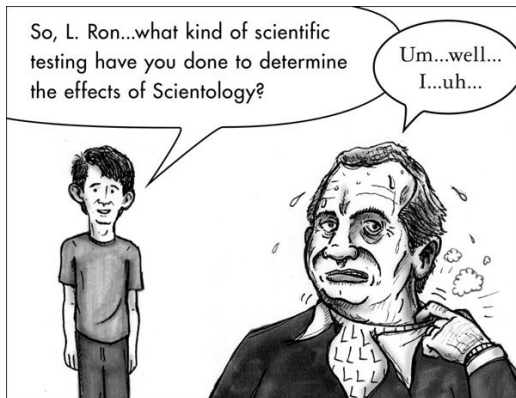

BY L. RICK VODICKA

Meet Alan: he's just an average man with an average life. But...what with all the confusion of these modern times, he has developed a **spiritual crisis**.

There must be more to life than this meaningless physical world! What about spirituality, and where do I fit in?

Unfortunately, repair auditing costs more money, but it will get you right back on track to the State of Clear.

Anything to help me finally go Clear!

Several months later:

Please go back further and find a similar incident. Thank you.

It's many thousands of years ago. I'm a caveman, and it's my birthday, and another caveman just kicked me in the balls...

Sorry to interrupt you guys yet again, but I sense that this repair auditing is not strong enough for you. It looks as if the full-priced Scientology auditing is what you need. These "professional" auditors will give you more benefits in an hour than you have experienced during your entire Scientology adventure!

When do I start?

A few weeks later:

It is long, long ago. I am some sort of a hairy bipedal hominid in a lush forest. I am clumsily holding a stick, as my primitive opposable thumb lacks dexterity. It's apparently my birthday, and a rival ape-man just kicked me in the balls...

Please go back further to an earlier incident of pain. Thank you.

Alan, it looks like you are mocking up your own reactive mind.

Yeah, that's what I thought.

Huh?

It's time for you to attest to this Clear cognition!

OK, I attest!

But why have I not gained all of those fancy Clear powers?

In some ways, you have made progress. For instance, you are now mocking up your own reactive mind less.

But what about illness immunity and perfect recall?

There's that suppressive talk again! All those goals, and so much more, await you on the OPERATING THETAN LEVELS.

Alan, listen, I don't want to alarm you, but you are AT RISK. You must quickly advance to OT Level III.

At risk? But I've already paid for Dianetics auditing, repair auditing, the expensive professional auditing, and I don't have my Clear powers yet.

Alan, I just read your mind again, and I should explain something. The money you've paid is going to help our religion of Scientology fund its legal battles against all of the enemies of our Church...

and the enemies of Mankind.

Religion? But didn't you say Scientology wasn't...

Alan, seriously, we must advance you to OT III immediately!

To learn what Alan learns in OT III, please read L. Rick Vodicka's "Illustrated History of Scientology," available for FREE online.

AN ILLUSTRATED HISTORY OF SCIENTOLOGY
L. RICK VODICKA

Essentially, it is the story of an alien overlord named Xenu who brings aliens to Earth and blows them up with H-bombs, and their alien souls, or "thetans," are crawling all over your body and you must remove them with telepathic auditing. Once they're gone, you obtain SUPER POWERS.

It's true!

Alan completes the expensive OTIII:

It's a good thing I got rid of those damn body thetans, and that Xenu was a real jerk! But why can't I leave my body and fly around the universe yet?

Alan, I obviously have the answer to that question. You are still full of the unconscious body thetans that are not able to respond to OT III auditing. It's time for the OT IV Drug Rundown. And you need to stop questioning Scientology!

Oh, no! Thetans!

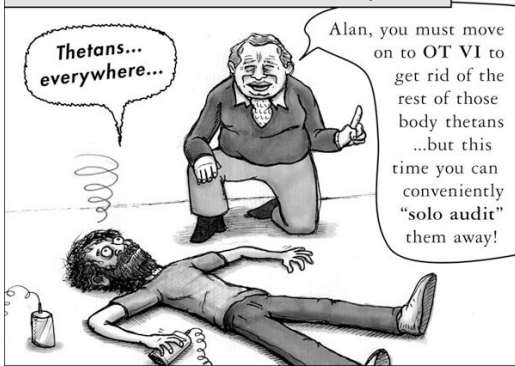

Inside the OT IV Purification Rundown Sauna:

Here, take these "Thetan-B-Gone" vitamins. They'll wake up those pesky body thetans, and then you can audit them away.

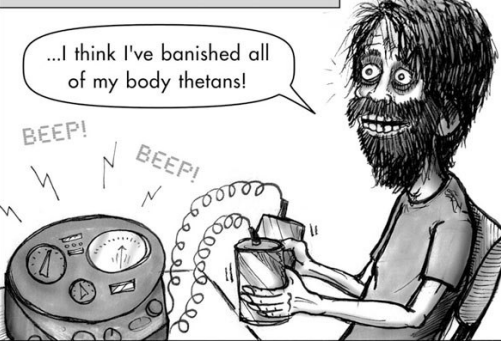

Must awaken thetans...

When you get rid of those body thetans, we'll move on to OT V audited NOTs. But we'll need payment in advance.

OT V AUDITED NOTS is soon completed:

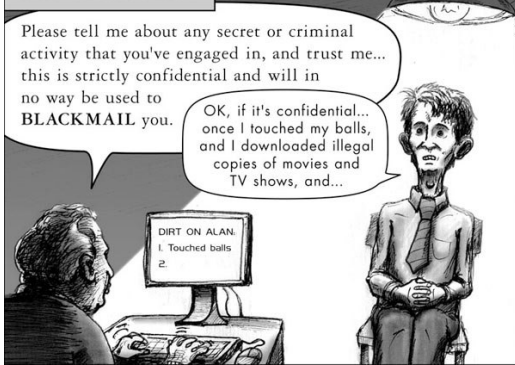

After numerous hours of solo auditing, OT VI is eventually completed:

Alan, I've got some bad news...you haven't banished all of your body thetans. OT VII will handle them. But you're going to have to cough up some serious cash first. Plus, we have to perform a "six month security check" on you, and it ain't free...

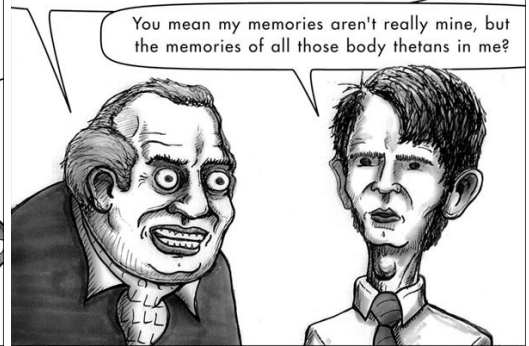

SEC CHECK TIME:

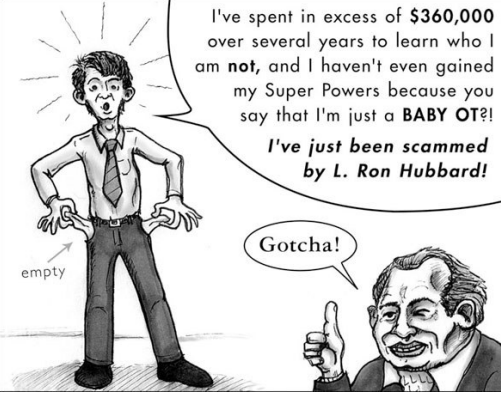

ALAN COMPLETES OT VII:

You will learn who you are NOT and you shall eventually discover who you ARE...

That's right. You do not have any Super OT Powers because you are just a BABY OT.

Not long after leaving the Church of Scientology, Alan was sued into oblivion by them.

Many thanks go out to the mysterious benefactor at www.xenu-directory.net, for making this illustrated adventure come to life; to the former Scientologists who wrote of their experiences; and a very special thanks to L. Ron Hubbard, for creating the one true religion. I still believe you, LRH!
